- (5) Other planting areas.** Other planting areas shown on the plans shall be maintained with similar materials to those originally specified. Annual flower beds may be converted to permanent material with at least a two-month flowering period, or material with berries, colorful flower bracts, or variegated foliage to simulate the original design intent.
- (d) Required maintenance and anticipated growth and coverage.** The following criteria shall be used to evaluate the maintenance and growth of all landscape plantings: **(1)** Existing trees preserved during development shall be maintained so as to provide the greatest opportunity for survival. Such maintenance shall include, as necessary, the following activities: **a.** Trimming and pruning to reduce stress. **b.** Soil aeration. **c.** Deep root fertilization. **(2)** Landscape plantings shall be maintained based on accepted professional practices to include regular irrigation, fertilization, pest control, weed control, and trimming and pruning. **(3)** Reasonable growth shall be based on accepted industry standards. **(4)** All trees and shrubs shall be trimmed so as not to interfere with pedestrian and vehicle movements. **(5)** Mulched areas shall be maintained so as to provide solid coverage and reasonable weed control. **(6)** Natural areas shall be kept free of garbage, trash and other foreign materials. Dead material shall be removed and replaced as required by this article. Natural area edges and other disturbed areas shall be mulched or sodded with weed growth controlled. **(7)** Irrigation systems must be maintained in proper working order to provide 100 percent coverage of planted landscaped areas.

Initial inspection of the property found the landscaping and grass areas in need of replacing and maintenance. The grass is overgrown, there are dead trees, plants and shrubs on site (the site has had no maintenance since the landscaping was originally installed). To correct the violation, all plantings, to include plants, shrubs, and trees, are required to be installed as per the attached landscape plan. See Section 14-315 – Replacement Criteria. In addition, all landscaped areas must be weeded and mulched so as to provide solid coverage and reasonable weed control as stated above. Irrigation systems must be maintained in proper working order to provide 100 percent coverage of planted landscaped areas.

Section 14-315. - Same—Replacement criteria.

- (a) Landscape plantings.** When the material required to be maintained under this article dies or fails to meet standards for reasonable growth, it shall be replaced with the same or similar material meeting the minimum specification of the zoning code.
- (b) Buffer plantings.** When material required to be maintained as part of a specific buffer shown on an approved plan or mandated by code at the time of development dies or fails to meet standards for reasonable growth, it shall be replaced with material as close in size and fullness as similar adjacent materials planted at the same time. However, the following upper limits shall apply to replacement material: **(1)** Replacement shade trees will be no larger than four-inch caliper, 20 feet in height (except palms). **(2)** Replacement understory trees will be no larger than two-inch caliper, 12 feet in height (except palms). **(3)** Replacement shrubs will be no larger than four feet in height.
- (c) Natural areas.** When material in natural areas required to be maintained by this article dies or is removed, it shall be replaced with the same or similar materials from the city's approved list of native plants and meeting minimum zoning code specifications. However, where natural areas are specifically designed to act as a required buffer, the requirements of subsection **(b)** above shall apply.

Section 14-318: - Other property improvements; maintenance criteria:

- (c) Walls and fences.** All walls and fences shall be maintained in accordance with the zoning chapter of the land development code and the following standards:
- (3)** Fences and walls shall be maintained in their original upright position, with all gates in good operating condition.

- (d) **Trash, litter and debris.** All sites shall be maintained so as to be free of trash and litter of any type, except in an approved dumpster or can. Paved areas shall be kept free of built-up silt and dirt.

Initial inspection of the property found trash and debris all over the property. There is an area of fencing that has bowed out (on the Dollar General side parking lot area). To correct the violations, all trash and debris must be removed from the property and the area of fencing must be repaired to its original upright position.

City of Port Orange Land Development Code, Chapter 3 (Administration), Article I (Code Administration), Section 4 (Development order), (e), (3)

A development order shall be issued by the department only after the approval of development plans as required by this code. A development order allows for the issuance of site construction permits for the initiation of development activities, including land clearing, site preparation, utility construction, road construction, and building construction. Issuance of a development permit by the city does not in any way create any right on the part of an applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the city for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law

(e) Modification of a development order

(3) When in the opinion of the administrative official, the proposed modifications represent a major and fundamental change in the overall impact and intent of the original development order, a new application for development plan review may be required, including the appropriate fees, as adopted by resolution of the city council.

The Site Plan Development Order issued in October 2018 for 5440 Ridgewood Avenue was originally approved for an equipment rental yard. Based on the activity that has been witnessed at this location, it is being used as an extension for the adjacent contractor yard and storage site located at 5460 Ridgewood Avenue. According to the above referenced code, if the use on a site is not what the site plan was approved for and represents a major and fundamental change in the overall impact and intent of the original Development Order, a new application for a development plan review may be required. The site plan for 5440 Ridgewood Avenue was not reviewed as a contractor yard and storage use, it was reviewed and approved as an equipment rental facility based on information provided by the applicant during the site plan review process. The use of the site was described during the review of the site plan as an equipment rental facility where equipment could be rented during business hours which were indicated as "daylight" hours and access to the site would be through the cross-access easement on the Dollar General site. Based on recent noise and light inspections, barricade of the approved access point, removal of the fence section between 5460 Ridgewood Avenue and 5440 Ridgewood Avenue, the site is being used at night and not in accordance with the approved site plan.

City of Port Orange Land Development Code, Chapter 3 (Administration), Article II (Non-conforming Provisions), Section 8 (Nonconforming Provisions)

- (c) **Nonconforming uses of land and structure.** A nonconforming use of land or structure existing prior to the adoption of this code shall continue to have such nonconforming status and shall be subject to the applicable provisions of this code including the following which shall apply so long as the use of land or structure remains otherwise lawful.

(1) No such nonconforming use shall be enlarged or increased nor extended to occupy a greater area of land or structure than was occupied as of April 25, 1985, or the date upon which the use was made nonconforming, whichever is later.

Initial inspection of the property found that the original construction yard located at 5460 Ridgewood Avenue has been extended onto the 5440 Ridgewood Avenue site that was developed as an equipment rental yard. To correct the violations and bring the property into compliance with the above code, you must repair the 8'-tall opaque privacy fence along the property line separating the Masci site (5460 Ridgewood Ave.) and the Feria Rental Yard site (5440 Ridgewood Ave.) Segments of the required fence have been removed and allow access between the Masci site and the Feria Rental Yard site. Reinstall the 8'-tall PVC fence along the property line as required per the Masci Contractor Yard - 5460 Ridgewood Ave. site plan. This was also discussed during the review of the site plan for the Feria Rental Yard site; the approved site plan for the Feria Rental Yard site indicates the fence being re-installed. A building permit will be required to re-install the missing

fence panel segments. According to the Land Development Code (LDC), Chapter 3, Article II, Section 8(c)(2), no such non-conforming use (Masci Contractor Yard - 5460 Ridgewood Ave.) shall be enlarged or increased nor extended to occupy a greater area of land or structure than was occupied as of April 25, 1985, or the date upon which the use was made non-conforming, whichever is later. The removal of multiple segments of the fence and combined use of these two sites is expansion of a nonconforming site (Masci Contractor Yard - 5460 Ridgewood Ave.). This was discussed during the site plan review for the Feria Rental Yard (5440 Ridgewood Ave.) site plan and acknowledged by the applicant.

2018 Florida Building Code, Section 105 (Permits), Section 105.1 (Required) as adopted per Chapter 14, Article II of the City of Port Orange Code of Ordinances: Failure to Obtain a Building Permit: Any owner or authorized agent who intends to construct, enlarge, alter, repair, move, demolish, or change the occupancy of a building or structure, or to erect, install, enlarge, alter, repair, remove, convert or replace any required impact-resistant coverings, electrical, gas, mechanical or plumbing system, the installation of which is regulated by this code, or to cause any such work to be done, shall first make application to the building official and obtain the required permit.

A building permit was not obtained to re-locate the parking lot light pole that was located in the center of the site to the rear of the Feria Rental Yard site (see survey below – pre-development). According to the survey submitted with the Feria Rental Yard site plan, a light pole was located in the center of the site; however, now the light pole is not located in the center of the site, but a light pole is located at the rear of the site (see as-built – Fall 2018). According to a building permit pulled, only a permit to install light fixtures was approved. Therefore, the install of the light pole at the rear of the site was done without a building permit. Submit an after the fact building permit for the light pole that was installed at the rear of the site.

Failure to comply after this date may result in the commencement of appropriate code enforcement action and/or possible fine of up to \$1,000.00 per day for a first violation, \$5,000.00 per day per violation for a repeat violation, and up to \$15,000.00 per violation if the code enforcement board or special magistrate finds the violation to be irreparable or irreversible in nature.

If the violation is corrected and then recurs, or if the violation is not corrected by the specified time for correction by the Code Compliance Inspector, the case shall be presented to the **Special Magistrate** on the date set forth below, even if the violation has been corrected prior to this scheduled hearing.

The burden shall rest upon the Respondent to request a re-inspection by the Code Enforcement Officer to determine whether the property is in compliance.

NOTICE OF HEARING AS TO VIOLATION(S) ALLEGED

**NOTICE: A FINE AND COSTS MAY BE IMPOSED AT THIS HEARING.
PLEASE GOVERN YOURSELF ACCORDINGLY.**

Pursuant to Chapter 2, Article V, Code of Ordinances and Section 162.06, Florida Statutes, you are hereby called upon to take notice that a PUBLIC HEARING will be conducted in the above-styled cause by the **Special Magistrate March 11th, 2020, at 9:00 a.m.**, or as soon after as may be heard, in Council Chambers, City Hall, 1000 City Center Circle, Port Orange, Florida. If you fail to appear at the Hearing, the **Special Magistrate** may base any findings solely on the testimony and evidence presented by the Code Enforcement Inspector. Please govern yourself accordingly.

If the violation is not corrected within the time specified for correction ordered by the **Special Magistrate**, then a certified copy of an order imposing a fine may be recorded in the public records of the county and once recorded, it SHALL CONSTITUTE A LIEN against the property upon which the violation was found to exist and upon any other real or personal property owned by the violator. If said lien remains unpaid for more than ninety days, the City may seek to foreclose on said lien.

As per Chapter 2, Section 2-214, Code of Ordinances and Section 162.09(2)(d), Florida Statutes: "In addition to such fines, a code enforcement board or special magistrate may impose additional fines to cover all costs incurred by the local government in enforcing its codes and all costs of repairs."
