ANY PERSON WHO DECIDES TO APPEAL ANY DECISION MADE BY THE CITY COUNCIL WILL NEED A RECORD OF THE PROCEEDINGS, AND FOR SUCH PURPOSE HE OR SHE MAY NEED TO ENSURE AT HIS OR HER OWN EXPENSE FOR THE TAKING AND PREPARATION OF A VERBATIM RECORD OF ALL TESTIMONY AND EVIDENCE OF THE PROCEEDINGS UPON WHICH THE APPEAL IS TO BE BASED.

NOTE: IF YOU ARE A PERSON WITH A DISABILITY WHO NEEDS ANY ACCOMMODATION IN ORDER TO PARTICIPATE IN THIS PROCEEDING, YOU ARE ENTITLED, AT NO COST TO YOU, TO THE PROVISION OF CERTAIN ASSISTANCE. PLEASE CONTACT THE CITY CLERK FOR THE CITY OF PORT ORANGE, 1000 CITY CENTER CIRCLE, PORT ORANGE, FLORIDA 32129, TELEPHONE NUMBER 386-506-5563, WITHIN 2 WORKING DAYS OF YOUR RECEIPT OF THIS NOTICE OR 5 DAYS PRIOR TO THE MEETING DATE; IF YOU ARE HEARING OR VOICE IMPAIRED, CONTACT THE RELAY OPERATOR AT 1-800-955-8771.

CITY COUNCIL AGENDA ITEM

REQUESTED COUNCIL MEETING DATE 12/08/2015

Consent item: No

SUBJECT: First Reading – Ordinance No. 2015-44 - 2015 Comprehensive Plan Capital Improvements Element (CIE) Annual Update; CASE NO. 15-27500001

DEPARTMENT: Community Development

GOAL: 1 - Infrastructure Preservation

OBJECTIVE: N/A

RECOMMENDED MOTION: Move to approve Ordinance No.2015-44 , amending the Capital Improvements Element of the City's Comprehensive Plan, in accordance with Florida Statutes.

SUMMARY: PLANNING COMMISSION ACTION 11/19/15: Recommended approval

Each year, the City is required to amend their Comprehensive Plan Capital Improvements Element (CIE) to include projects from the City's current Capital Improvements Program (CIP). The projects copied from the CIP are primarily improvements needed to maintain the City's adopted level of service (LOS) standards for public facilities. These facilities include water, sewer, stormwater, solid waste, roads, parks, and schools. On September 9, 2015, the City Council ratified the approved CIP for FY 2015/16 – 2020/21 dated August 11, 2015, that included various projects to support the LOS for City public facilities. The proposed amendments take these projects previously approved by Council with the CIP and add them into the CIE. All of the required public facilities meet the City's adopted level of service standards.

State law requires that local governments update their Comprehensive Plan Capital Improvements Element (CIE) every year to show that they have funded or planned to fund the public facility improvements needed to support their population. The propose amendments in Exhibit A are required to be in the underline/strikethrough format. For each table or text that is to be updated from the prior year (FY14/15 - 19/20) to the current year CIP (FY15/16 - 20/21) the deleted prior year text is struck through and in red and the added current year text is underlined and displayed in blue. Text neither struck through nor underlined remains as existing text.

ORDINANCE NO. 2015- 44

AN ORDINANCE OF THE CITY OF PORT ORANGE, VOLUSIA COUNTY, FLORIDA, RELATING TO COMPREHENSIVE PLANNING; PROVIDING FOR ADOPTION OF THE FY2016-2021 FIVE YEAR SCHEDULE OF CAPITAL IMPROVEMENTS AS SET FORTH IN THE COMPREHENSIVE PLAN, CAPITAL IMPROVEMENTS ELEMENT AND SUPPORTING DATA; PROVIDING FOR REPEAL OF CONFLICTING ORDINANCES AND RESOLUTIONS; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, after careful review, the Planning Commission, sitting as the Local Planning Agency, has forwarded a recommendation to the City Council regarding the adoption of the Five Year Schedule of Capital Improvements as set forth in the Capital Improvement Element of the Comprehensive Plan for the City of Port Orange including supporting data; and

WHEREAS, Section 163.3177(3), Florida Statutes (2013) requires the City to review the Capital Improvement Element annually, together with other elements or sub-elements that are directly related to the Five Year Schedule of Capital Improvements; and

WHEREAS, the attached documents incorporate data from the Transportation Planning Organization (TPO) Transportation Improvements Program (TIP) and the Volusia County School District Five-Year Work Program; and

WHEREAS, the City Council has provided an opportunity to receive comments and proposals from the general public with regard to the adoption of the Five Year Schedule of Capital Improvements; and

WHEREAS, the City has determined that this ordinance may be published in accordance with Section 166.041(3)(a), Florida Statutes (2013); and

WHEREAS, the City Council has received comments on the proposed amendment to the Comprehensive Plan; and

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF PORT ORANGE, VOLUSIA COUNTY, FLORIDA:

Section 1. For purposes herein, the term “Comprehensive Plan”, shall mean the Comprehensive Plan for the City of Port Orange, consisting of the two (2) volumes entitled “Comprehensive Plan City of Port Orange 2010-2025”, including Binder No. 1, consisting of ten (10) elements, including Future Land Use and Future Land Use Map; Transportation; Housing; Public Facilities; Public Schools Facilities; Coastal Zone Management; Conservation; Recreation and Open Space; Intergovernmental Coordination; and Capital Improvements, all as adopted by Ordinance No. 1999-43, as subsequently amended by Ordinances No. 1999-46, 1999-56, 1999-57, 2000-1, 2000-8, 2000-13, 2000-25, 2000-29, 2000-41, 2001-2, 2001-21, 2001-26, 2001-28, 2001-75, 2001-76, 2001-89, 2002-7, 2002-20, 2003-3, 2003-1, 2003-22, 2003-39, 2004-34, 2004-39, 2005-1, 2005-3, 2005-13, 2005-15, 2005-25, 2005-27, 2005-30, 2005-31, 2005-49, 2006-9, 2006-16, 2006-24, 2006-41, 2006-51, 2006-53, 2007-4, 2007-14, 2007-30, 2007-48, 2007-55, 2007-57, 2007-60, 2007-61, 2008-2, 2008-8, 2008-9, 2008-12, 2008-16, 2008-19, 2008-36, 2009-3, 2009-19, 2009-20, 2010-14, 2010-20, 2010-30, 2011-24, 2011-34, 2012-8, 2012-24, 2012-30, 2013-20, 2013-25, 2014-31, 2014-32, 215-42 and this ordinance; and including Binder No. 2, Supporting Data.

Section 2. The City Council hereby adopts an amendment setting forth the Five Year Schedule of Improvements for the Capital Improvements Element for the Comprehensive Plan City of Port Orange 2010-2025, as attached hereto as **Exhibit “A”**, and incorporated herein by this reference.

Section 3. The Community Development Director or designee is hereby authorized to transmit copies of the proposed amendment to the Capital Improvement Element of the Comprehensive Plan City of Port Orange 2010-2025 to the appropriate agencies and to any other unit of local government.

Section 4. All ordinances or resolutions or parts of ordinances or resolutions in conflict with the provisions of this ordinance are hereby repealed to the extent of such conflict.

Section 5. If any provision of this ordinance or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this ordinance are declared severable.

Section 6. This ordinance shall become effective immediately upon adoption.

FIGURE 10 – 1 CAPITAL IMPROVEMENT PROJECTS

INTRODUCTION

Under the 1985 Growth Management Act, local governments are mandated to plan for the availability of public facilities and services to support development and the impacts of such development. The purpose of the Capital Improvements Element (CIE) and the Capital Improvements Schedule (Schedule) is to identify the capital improvements that are needed to implement the Comprehensive Plan and ensure that the adopted Level of Service (LOS) Standards are achieved and maintained for concurrency related facilities.

The 2005 Growth Management Act requires the Schedule to be financially feasible. As defined by Chapter 163.3164(32) F.S., in order for a Schedule to be financially feasible it must demonstrate that sufficient revenues are currently available or will be available from committed funding sources for the first 3 years, or will be available from committed or planned funding sources for years 4 and 5. These revenues must be adequate to fund the projected costs of the capital improvements identified in the comprehensive plan necessary to ensure that adopted LOS standards are achieved and maintained within the period covered by the 5-year Schedule. The requirement that LOS standards be achieved and maintained does not apply if the proportionate-share process set forth in Chapter 163.3180(12) and (16), F.S., is used.

This Element, intended to demonstrate the financial feasibility of the City of Port Orange's Comprehensive Plan, commences in the fiscal year ~~2014/15~~2015/16 and identifies potential projects for the initial five-year planning period. Individual Capital Improvement needs identified in this Element are, for the most part, those improvements which cost \$25,000 or more and are generally non-recurring purchase items. The capital improvements identified in the other Elements of this Comprehensive Plan are listed with a brief description in Table 1 along with their estimated cost, funding source, and projected year of expenditure. The improvements are listed by type of service, related to the various Elements of the Comprehensive Plan. As required by Section 9J-5.016, F.A.C., the Capital Improvements Element addresses existing and future capital improvements needed for at least the first five fiscal years after the adoption of the comprehensive plan. Therefore, Table 1 lists improvements identified for the years ~~2015-2020~~2016-2021.

The capital improvements projects listed in Table 1 are not inclusive of all anticipated capital expenditures by the City during the designated time period. For the most part, the list of improvements has been limited to the capital projects required to meet or maintain adopted LOS standards or implement the Goals, Objectives, and Policies of the Comprehensive Plan. Improvements on a smaller scale (generally under \$25,000 in cost) are outlined in the City's five-year Capital Improvement Program and annual budget as they are needed over time. Tables 1A-E, provided as a supplement to Table 1, list specific improvements to the City's water and sewer system, as well as specific street resurfacing projects for the years ~~2015-2020~~2016-2021, and current transportation proportionate fair-share agreements.

Howes Street experiences standing water several times a year due to not having a drainage system to convey the runoff. This project has two options. Option A would connect to existing 24" pipe and inlets and install 24" reinforced concrete pipe (RCP) with precast type "C" inlets east to the Westridge Avenue outfall. Option B would connect to existing 24" pipe and inlets and install 24" RCP with precast type "C" inlets west and south to Frederick Avenue and Depot Pond. (Consistent w/ Comp Plan: Drainage, Policy 1.2 through 1.4)

STAFF REPORT

CASE NO. 15-27500001

Comprehensive Plan Capital Improvements Element -
2015 Annual Update

REQUEST:	Update and amend the Comprehensive Plan Capital Improvements Element (CIE) in accordance with Florida Statutes
APPLICANT:	City of Port Orange
STAFF CONTACT:	Penelope Cruz, Principal Planner (386) 506-5671
STAFF RECOMMENDATION:	Approval
PLANNING COMMISSION:	Approved
CITY COUNCIL DATE:	December 8, 2015

INTRODUCTION:

Each year, the City is required to amend their Comprehensive Plan Capital Improvements Element (CIE) to include projects from the City's current Capital Improvements Program (CIP). The projects copied from the CIP are primarily improvements needed to maintain the City's adopted level of service (LOS) standards for public facilities. These facilities include water, sewer, stormwater, solid waste, roads, parks, and schools. On September 9, 2015, the City Council ratified the approved CIP for FY 2015/16 – 2020/21 dated August 11, 2015, that included various projects to support the LOS for City public facilities. The proposed amendments take these projects previously approved by Council with the CIP and add them into the CIE. All of the required public facilities meet the City's adopted level of service standards.

State law requires that local governments update their Comprehensive Plan Capital Improvements Element (CIE) every year to show that they have funded or planned to fund the public facility improvements needed to support their population¹. The proposed amendments in Exhibit A are required to be in the underline/strikethrough format. For each table or text that is to be updated from the prior year (FY14/15 - 19/20) to the current year CIP (FY15/16 - 20/21) the deleted prior year text is struck through and in red and the added current year text is underlined and displayed in blue. Text neither struck through nor underlined remains as existing text.

PURPOSE:

Under the 1985 Growth Management Act, local governments are mandated to plan for the availability of public facilities and services to support development and the impacts of such development. The purpose of the CIE and the 5-year Capital Improvements Schedule is to identify the capital improvements needed to implement the Comprehensive Plan and

¹ Ch. 163.3177(3) F.S.

ensure the adopted Level of Service (LOS) Standards for concurrency-related facilities are achieved and maintained.

DISCUSSION:

The amendments to the CIE include the updated Schedule (copied from the City's adopted FY 2015/16 – 2020/21 Capital Improvements Program) and other amendments to update data related to the Schedule and other statutorily required information, such as excerpts from the Transportation Planning Organization's (TPO) Transportation Improvements Program (TIP) and the Volusia County School District Five-Year Work Program (Exhibit A, Tables 5 and 6).

The CIE Schedule includes projects required to meet or maintain adopted LOS standards for concurrency-related facilities or implement the Goals, Objectives, and Policies of the Comprehensive Plan (Exhibit A). The concurrency management system for the City of Port Orange is established by policy in the City's Comprehensive Plan, and administered through regulations contained within the City's Land Development Code.

The City is required to monitor the cumulative effect of all approved Development Orders and Development Permits on the capacity of public facilities. This obligation is met through individual concurrency reviews of development proposals and the annual Concurrency Management Report (CMR). The City's concurrency review evaluates the following public facilities and services:

- Transportation
- Sanitary Sewer
- Potable Water
- Stormwater Drainage
- Solid Waste
- Recreation
- Public Schools

The 2015 CMR identified that all public facilities and services subject to concurrency are at sufficient levels. The CMR also identified improvements that are planned or programmed to ensure that the City continues to maintain the adopted LOS.

RECOMMENDATION:

Staff recommends **approval** of the adoption of the 2015 CIE Annual Update.

Exhibit "A" – Annual Update to the CIE (see Ordinance Exhibit)

CITY COUNCIL AGENDA ITEM

REQUESTED COUNCIL MEETING DATE 12/08/2015

Consent item: No

SUBJECT: First Reading - Ordinance No. 2015-45 - LDC Amendment/Chapters 17 and 18; Case No. 15-25000005

DEPARTMENT: Community Development

GOAL: Economic Development

OBJECTIVE: N/A

RECOMMENDED MOTION: Move to approve Ordinance 2015-45, amending Chapters 17 and 18 of the Land Development Code

SUMMARY: Planning Commission Action (11-19-15): Recommended Approval

Andrew Clark has requested an amendment to the Land Development Code (LDC) to allow farmers/flea market as a Special Exception use in the Ridgewood Development (RD) zoning district. The properties zoned RD are generally located along Ridgewood Ave.

At the September 22 Council Meeting, Andrew Clark spoke under Citizen Participation about amending the LDC to allow the farmers/flea market use as an allowed use within the RD zoning district. Mr. Clark discussed his proposal to expand the existing flea market located on Ridgewood Ave.; however, because it is a non-conforming use, LDC requirements prohibit it from being expanded. If the LDC amendment is approved, the applicant could then apply for a Special Exception to establish the existing flea market as an Special Exception use and allow for it to be expanded.

The farmers/flea market use is a Special Exception use in the Agricultural (A) and the Agricultural Preservation (AP) zoning districts. The applicant has proposed seven Special Exception criteria. Five of the criteria are those currently in the LDC to control the aesthetics and number of farmers/flea markets in the A and AP zoning districts. The two additional criteria require all farmers/flea markets in the RD zoning district to be a minimum of two and a half acres and to allow the farmers/flea market to operate on Thursdays and until 9:00pm for one day per month.

ORDINANCE NO. 2015-45

AN ORDINANCE OF THE CITY OF PORT ORANGE, VOLUSIA COUNTY, FLORIDA AMENDING THE LAND DEVELOPMENT CODE; AMENDING CHAPTER 17, SECTION 25 TO ADD FARMERS/FLEA MARKET AS A SPECIAL EXCEPTION USE IN THE RIDGEWOOD DEVELOPMENT (RD) ZONING DISTRICT; AMENDING CHAPTER 18, SECTION 3 TO ADD SPECIAL REQUIREMENTS FOR THE FARMERS/FLEA MARKET USE; PROVIDING FOR REPEAL OF CONFLICTING ORDINANCES; PROVIDING FOR CODIFICATION; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City has received an application from a developer requesting to amend the Land Development Code ("LDC") to add farmers/flea market to the list of special exception uses in the Ridgewood Development (RD) zoning district; and

WHEREAS, the farmers/flea market use is proposed as a special exception use, thus allowing the City to control the number of facilities and aesthetics; and

WHEREAS, currently, the farmers/flea market use is a special exception use in the Agricultural Preservation (AP) and Agriculture (A) zoning districts; and

WHEREAS, the Planning Commission has recommended adoption of this Ordinance to amend the Land Development Code; and

WHEREAS, for purposes of this ordinance words with underlined (underlined) type shall constitute additions to the original text and words with strikethrough (~~strikethrough~~) type shall constitute deletions from the original text.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF PORT ORANGE, VOLUSIA COUNTY, FLORIDA:

SECTION 1: The City Council hereby amends Chapter 17, Section 25 of the Land Development Code, to read as follows:

Chapter 17 - ZONING DISTRICT REGULATIONS

Section 25: - Ridgewood development (RD) district.

- (a) *Purpose and intent.* The Ridgewood Development District is designed to encourage the development and redevelopment, modernization, and beautification of the Ridgewood Avenue corridor, while maintaining its traffic

capacity, and protecting the integrity of adjoining residential areas. It is intended to accommodate a mixture of office, commercial, warehouse/storage, and limited industrial uses based on a strategy for the corridor.

(b) *Permitted uses.*

- (1) Adult/vocational education.
- (2) Antennas.
- (3) Appliance/electronic repair shops.
- (4) Athletic/sports facilities.
- (5) Auction houses.
- (6) Banks.
- (7) Boat sales.
- (8) Business services.
- (9) Camouflaged and monopole communication towers.
- (10) Clubs, lodges, and fraternal organizations.
- (11) Commercial/industrial equipment and supplies.
- (12) Convenience stores with or without fuel operations.
- (13) Equipment rental.
- (14) Financial services.
- (15) Fleet-based services.
- (16) Fortunetellers, astrologers, and palm readers.
- (17) Funeral homes.
- (18) Furniture and appliance stores.
- (19) Greenhouses and nurseries (wholesale and retail).
- (20) Health/exercise club.
- (21) Hotels.
- (22) Houses of worship.
- (23) Laboratory, research and development.
- (24) Maintenance contractors.
- (25) Manufacturing: craftsman shops.
- (26) Manufacturing, limited.
- (27) Medical offices/clinics.
- (28) Mobile home sales.
- (29) Motor vehicle sales.
- (30) Motor vehicle service centers.
- (31) Motor vehicle service stations.
- (32) Offices.
- (33) Pawn shops.
- (34) Personal services.
- (35) Restaurants.
- (36) Retail home building materials.
- (37) Retail sales and services.

- (38) Taxidermy.
- (39) Theaters.
- (40) Veterinary clinics.
- (41) Wholesalers and distributors.
- (42) Xerographic and offset printing.
- (bb) Permitted uses with special development requirements (chapter 18, section 4).
 - (1) Assisted living facilities (subsection 1).
 - (2) Child care centers (subsection 4).
 - (3) Nursing homes (subsection 10).
 - (4) Community gardens (subsection 5.1).
- (c) Special exception uses (chapter 18, section 3).
 - (1) Bars, lounges and night clubs (subsection 3).
 - (2) Boat repair, engine (chapter 18, paragraph 3(b)(3.5)).
 - (3) Farmers/flea markets (subsection 5.5).
 - ~~(34)~~ Game/recreation facilities (subsection 7).
 - ~~(45)~~ Guyed and lattice communication towers.
 - ~~(56)~~ Manufacturing: fabrication.
 - ~~(67)~~ Marina, recreational (subsection 9.6).
 - ~~(78)~~ Mini-warehouses (subsection 10).
 - ~~(89)~~ Motor vehicle repair facilities (subsection 13).
 - ~~(910)~~ Multifamily dwellings (16 units per gross acre maximum allowable density) (subsection 14).
 - ~~(1011)~~ Tattoo parlors (subsection 20).
- (d) Reserved.
- (e) Special landscape provisions.
 - (1) Special landscape provisions for development within this district are described in chapter 13, specifically section 3(c), section 3(d)(3), section 3(e), section 4(b) and section 5(d).
- (f) Special signage provisions. Special signage provisions for development within this district are described in chapter 15, specifically section 6(b) and section 7(c)(1)(b).
- (g) Special vehicular use provisions. The use of alternative surfaces for parking and other vehicular use areas shall be permitted as provided in section 6(f)(3) of chapter 12 of this code.
- (h) Special owner-occupancy provisions. The residential occupancy by a business owner and the owner's family of a structure being used for a permitted use or permitted use with special development requirements shall be permitted as provided in subsection 2(d) of chapter 20 of this code.

SECTION 2: The City Council hereby amends Chapter 18, Section 3 of the Land Development Code, to read as follows:

CHAPTER 18 - CONDITIONAL USES, SPECIAL EXCEPTIONS AND PERMITTED USES WITH SPECIAL DEVELOPMENT REQUIREMENTS

Section 3: - Special requirements for special exception uses.

- (a) *In general.* For those special exception uses listed below, the following special requirements shall apply in addition to those described in section 2(d) above.
- (b) Special requirements
 - (1) – (5) [Remain Unchanged]
 - (5.5) Farmers/flea markets (RD).
 - (a) The proposed site shall front on an arterial roadway.
 - (b) A maximum of 20 percent of the site shall be devoted to sales area.
 - (c) Required parking shall be provided at a ratio of one space for every 200 square feet of sales area.
 - (d) Buffering shall be provided according to chapter 13 of this code, with a six-foot high opaque fence or wall required along property lines, which abut any residential zone.
 - (e) All merchandise and refuse shall be removed from the site at the end of each day.
 - (f) The proposed site shall be a minimum of two and a half (2 ½) acres with a minimum of 300 feet of frontage.
 - (g) The farmers/flea market shall only operate on the following days: Thursdays, Fridays, Saturdays, Sundays, and legal holidays which fall on Monday. Operation shall be restricted to daylight hours only, except that on one of the days of operation each month the farmers/flea market may operate until 9:00 p.m. Parking lots used after dark shall be lighted in accordance with chapter 12 of this code.
 - (6) – (25) [Remain Unchanged]

SECTION 3: CONFLICTING ORDINANCES.

All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed to the extent of such conflict.

SECTION 4: CODIFICATION.

The provisions of this Ordinance shall become and be made a part of the Land Development Code of the City of Port Orange and the Sections of this Ordinance may be renumbered or relettered to accomplish such intention. The Code codifier is granted liberal authority to codify the provisions of this Ordinance.

SECTION 5: SEVERABILITY.

If any provision of this ordinance or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this ordinance are declared severable.

SECTION 6: EFFECTIVE DATE.

This Ordinance shall take effect immediately upon adoption.

STAFF REPORT

LDC TEXT AMENDMENT/Chapters 17 and 18

CASE NO. 15-25000005

REQUEST: To amend Chapter 17 of the Land Development Code to add farmers/flea market as a Special Exception use in the Ridgewood Development (RD) zoning district and amend Chapter 18 of the LDC to add the special requirements for the farmers/flea market Special Exception use.

APPLICANT: D. Andrew Clark

PLANNING COMMISSION RECOMMENDATION: **Approval**

STAFF RECOMMENDATION: Approval

STAFF CONTACT: Gwen Perney, Senior Planner (386) 506-5673

CITY COUNCIL DATE: December 8, 2015

DISCUSSION:

The applicant proposes to amend the Land Development Code (LDC) to add farmers/flea market to the list of Special Exception uses in the Ridgewood Development (RD) zoning district and to add special requirements for the farmers/flea market use in the RD zoning district. The properties zoned RD are generally located along Ridgewood Avenue (Exhibit A).

At the September 22 Council Meeting, Andrew Clark spoke under Citizen Participation about amending the LDC to allow the farmers/flea market use as an allowed use within the RD zoning district. Mr. Clark discussed his proposal to expand the existing flea market located on Ridgewood Avenue; however, because it is a non-conforming use, LDC requirements prohibit it from being expanded. If the LDC amendment is approved, the applicant could then apply for a Special Exception to expand the existing flea market.

The flea market owned by Mr. Clark at 5013 Ridgewood Ave. is currently the only one operating within the RD zoning district. This flea market is operating as a non-conforming use because it is not currently an allowed use in the RD zoning district.

The RD zoning district currently allows a wide variety of uses such as office, medical office, restaurant, retail, convenience store with gas, bank, appliance/electrical repair shops, pawn shops, health/exercise club, mobile home sales and motor vehicle sales.

LDC Amendment: Add Farmers/Flea Market as a Special Exception Use in the RD Zoning District

According to the Land Development Code (LDC), the farmers/flea market use is defined as an occasional or periodic sales activity held within a building, structure, or open area where

groups of individual sellers offer goods, new and used, for sale to the public, not to include private garage sales or similar activities held by churches and other nonprofit organizations.

Currently, farmers/flea market uses are a Special Exception in the Agriculture Preservation (AP) and Agriculture (A) zoning districts. The following table (Table 1) provides the current zoning districts where farmers/flea market uses are permitted.

Table 1: Zoning Districts for Farmers/Flea Market Use

Zoning District	Permitted Use	Permitted Use with Special Development Requirements	Special Exception
Agriculture Preservation (AP)			X
Agriculture (A)			X

According to the LDC, a Special Exception is a use that would not be appropriate without restriction, but if controlled as to number, area, location or relation to the surrounding area, would promote the public health, safety, and general welfare. All requests for Special Exception uses must be reviewed by the Planning Commission and approved by the City Council.

All Special Exception uses must address a set of standard review criteria (traffic generation, parking, landscaping, etc.) (Exhibit B) along with use specific criteria. The applicant has proposed seven (7) Special Exception criteria. Five (5) of the criteria are those currently in the LDC to control the aesthetics and number of farmers/flea market uses in the AP and A zoning districts. The two additional criteria require all markets to be a minimum of two and a half (2 ½) acres and to allow the farmers/flea market to operate on Thursdays and until 9:00 pm for one day per month. The proposed Special Exception criteria include:

1. The proposed site shall front on an arterial roadway
2. A maximum of 20 percent of the site shall be devoted to sales area
3. Required parking shall be provided at a ratio of one space for every 200 square feet of sales area
4. Buffering shall be provided according to Chapter 13 of the Land Development Code, with a six-foot high opaque fence or wall required along property lines, which abut any residential zone
5. All merchandise and refuse shall be removed from the site at the end of each day
6. The proposed site shall be a minimum of two and a half (2 ½) acres with a minimum of 300 feet of frontage
7. Operation shall be restricted to daylight hours on Thursdays, Fridays, Saturdays, and Sundays only, and legal holidays which fall on Monday. One day of the month, on either a Thursday, Friday, Saturday or Sunday, the farmers/flea market is allowed to operate until 9:00 pm. The parking lot shall be lighted in accordance with Chapter 12 of the Land Development Code.

RECOMMENDATION:

Staff recommends approval of the request to amend the Land Development Code.

**Standard Review Criteria All Special Exception Uses Must Address
[LDC Ch 18, Sec2(d)(2)]:**

1. Traffic generation and access for the proposed use shall not adversely impact adjoining properties and the general public safety;
2. Off-street parking, loading and service area shall be provided and located such that there is no adverse impact on adjoining properties, beyond that generally experienced in the district;
3. Required yards, screening or buffering, and landscaping shall be consistent with the district in general and the specific needs of the abutting land uses;
4. Architectural and signage treatments shall comply with the general provisions applicable to permitted use in the district, to the greatest extent possible, and be sensitive to surrounding development; and
5. Size, location or number of special exception uses in an area shall be limited so as to maintain the overall character district as intended by this code.

CLAIM OF LIEN

STATE OF FLORIDA
COUNTY OF VOLUSIA

Before me the undersigned authority personally appeared Wayne Saunders, who being duly sworn, says that he is the Finance Director of the City of Port Orange, a Florida municipality, the Lienor herein, whose address is 1000 City Center Circle, Port Orange, Florida 32129. Lienor furnished labor, services of materials consisting of utility services as provided for in chapter 74, Code of Ordinances, City of Port Orange, Florida and Section 159.17, Florida Statutes, to real property affected or served by the utility systems of the City of Port Orange, Volusia County, Florida.

Parcel I.D.No. 6316-04-00-0660

Lot 66, Countryside Subdivision Unit 1, according to the map or plat thereof as recorded in Map Book 36, Page 92, of the public records of Volusia County, Florida.

Believed to be owned by Patricia J Hampton, 828 Wildwood Cir, Port Orange, FL 32127 of a total value of (\$ 294.34) Two Hundred Ninety Four Dollars and Thirty Four Cents of which there remains unpaid (\$ 294.34) Two Hundred Ninety Four Dollars and Thirty Four Cents and furnished the same on or until May 17th, 2013.

This Claim of Lien is filed in accordance with the provisions of Chapter 74, Code of Ordinances, City of Port Orange, Florida and Section 159.17, Florida Statutes. You are further notified that the undersigned will prosecute and foreclose a lien against any real property for any amount owing and unpaid to the undersigned for more than 30 days for such labor, services or material, together with interest, cost and reasonable attorney's fees.

WITNESSES:

NAME: Twona Kahisiak

NAME: Diane Evans

CITY OF PORT ORANGE

BY: 
Wayne Saunders, Finance Director

STATE OF FLORIDA
COUNTY OF VOLUSIA

The foregoing instrument was acknowledged before me this 17th day of May, 2013, by Wayne Saunders, as Finance Director of the City of Port Orange, a Florida municipality, on behalf of the city. He is personally known to me.

AN ORDINANCE OF THE CITY OF PORT ORANGE, VOLUSIA COUNTY, FLORIDA, ANNEXING APPROXIMATELY 5 ACRES OF PROPERTY LOCATED AT 1780 TAYLOR ROAD; REPEALING CONFLICTING ORDINANCES; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

Motion to approve Ordinance No. 2015-41 was made by Vice Mayor Bastian, and Seconded by Councilman Burnette.

Penny Cruz, Planner, provided details of the requested voluntary annexation.

Motion carried unanimously by roll call
vote.

10. First Reading - Ordinance No. 2015-42 - Small-Scale Comprehensive Plan Amendment changing the Future Land Use (FLU) designation for 1780 Taylor Road from Volusia County Urban Low Intensity (ULI) to City of Port Orange Suburban Residential (2-4 units/acre).
CASE NO. 15-20000001

Mayor Green read Ordinance No. 2015-42.

ORDINANCE NO. 2015-42

AN ORDINANCE OF THE CITY OF PORT ORANGE, VOLUSIA COUNTY, FLORIDA, RELATING TO COMPREHENSIVE PLANNING; AMENDING THE FUTURE LAND USE MAP OF THE COMPREHENSIVE PLAN; AMENDING THE FUTURE LAND USE DESIGNATION FROM VOLUSIA COUNTY URBAN LOW INTENSITY (ULI) TO CITY OF PORT ORANGE SUBURBAN RESIDENTIAL (2-4 UNITS/ACRE); PROVIDING FOR CONFLICTING ORDINANCES. SEVERABILITY AND AN EFFECTIVE DATE.

Motion to approve Ordinance No. 2015-42 was made by Vice Mayor Bastian,
and Seconded by Councilman Burnette.

Ms. Cruz provided details of the request and answered questions of Council.

Motion carried unanimously by roll call
vote.

11. First Reading - Ordinance No. 2015-43 – Rezoning and 1st Amendment to the Amended and Restated Master Development Agreement (MDA) and Conceptual Development Plan (CDP) for the Crane Lakes Planned Unit Development (PUD).
CASE NO. 15-40000002

Mayor Green read Ordinance No. 2015-43.

ORDINANCE NO. 2015-43

AN ORDINANCE OF THE CITY OF PORT ORANGE, VOLUSIA COUNTY, FLORIDA, REZONING PROPERTY CONSISTING OF

APPROXIMATELY +/-5 ACRES ADJOINING THE CRANE LAKES DEVELOPMENT FROM VOLUSIA COUNTY R-2 TO CITY OF PORT ORANGE PLANNED UNIT DEVELOPMENT (PUD) AND APPROVING THE FIRST AMENDMENT TO THE AMENDED AND RESTATED MASTER DEVELOPMENT AGREEMENT (MDA) AND CONCEPTUAL DEVELOPMENT PLAN (CDP) FOR THE CRANE LAKES PLANNED UNIT DEVELOPMENT (PUD); PROVIDING FOR CONFLICTING ORDINANCES; PROVIDING FOR SEVERABILITY AND PROVIDING AN EFFECTIVE DATE.

Motion to approve Ordinance No. 2015-43 was made by Vice Mayor Bastian, and Seconded by Councilman Burnette.

Ms. Cruz provided details of the last step for the project.

Mike Gardner, citizen, asked who is representing the City in negotiations for the City with the Crane Lakes project.

Motion carried 4-1 by roll call vote with Mayor Green voting no.

12. Special Exception for a Mini-Warehouse Facility at 5811 S. Williamson Blvd.
Case no. 15-70000001

Tim Burman, Planner, advised Council that the applicant is asking Council for a special exception to develop a mini-warehouse facility within the Interchange Community Development (ICD) zoning district. If the request is approved, the applicant will have to submit a site plan for staff review and proposed development will be required to meet all City Codes.

Motion to approve was made by Vice Mayor Bastian, and Seconded by Councilman Ford.

Peter Heebner, Attorney for developer, asked Council to waive the requirement to have a vertical wall and allow landscaping to be used for buffering instead.

Mr. Burman said the landscaping meets the code for buffering.

Council agreed to the landscaping instead of a wall.

Motion amended to approve the request subject to the landscape buffering instead of a wall was made by Vice

Mayor Bastian, and Seconded by
Councilman Ford.

Motion to amend carried unanimously
by voice vote.

Amended Motion carried unanimously
by roll call vote.

Council recessed at 7:13 p.m. to hold a Town Center CRA Meeting, minutes of which are under separate cover.

Council reconvened at 7:15 p.m.

BOARD APPOINTMENTS, INTERVIEWS, REPORTS

13. Citizen Advisory Committee for TPO

Bobby Ball provided details of the recent CAC meeting. Councilman Ford asked for an update on the grant request for the walklights on Dunlawton Avenue. Mr. Ball will find out and advise Council.

14. Report from Kemper Sports Management regarding Cypress Head Golf Course

Bob Duquette, General Manager, provided details on the golf course for the month of October 2015.

CITIZEN PARTICIPATION (Agenda)

15. Cameron McClelland-Spruce Creek High School Fastpitch Coach

Cameron McClelland requested a partial fee waiver for Coraci Park for the Spruce Creek High School's Fastpitch Team. The request is to waive \$1,000 for this year as they did last year. They agree to continue to help put the fence up and reduce the fee of the concession stand to \$50.00. Mr. Johansson advised that there is a lot of payment in kind from the team. He supported the request. Council agreed to the request.

Motion to approve was made by
Councilman Ford, and Seconded by
Councilman Burnette. Motion carried
unanimously by voice vote.

16. Volusia's Best Presentation - Ned D. Harper, Small Business Development Center

Ned Harper addressed Council regarding Volusia's Best program which provides a personalized training program for local companies and businesses, identifying areas that need improvement, then providing training to turn those weaknesses into strengths. Mr. Harper asked Council for a donation to the company. Mr. Johansson will bring information back to Council regarding surrounding cities opinions and options.

Councilman Ford is concerned with the other organizations that will come forward asking for money if they give to this one. Council agreed.

CITIZEN PARTICIPATION (Non-Agenda – 15 minutes)

Ted Nofall, citizen, addressed Council regarding water leaks. He is concerned with the agreement made with a 74 year old woman who advised Council she cannot afford the payments. He believes the actions of the City Attorney's Office should be of concern to Council. He asked Council to complete the tower read computer integrated real time measurement of water use to notify customers of high reads. He also asked Council to include a donation option on the water bills.

Edith Shelley, Halifax Health Representative, addressed Council regarding a health survey. Councilman Burnette asked that a PSA announcement be played on pogTV.

COUNCIL COMMENTS

17. Comments/Concerns from Council Members

Councilman Ford attended training for pensions and asked the City Attorney to look into share plans. He said the Fire Pension (excluding the unfunded liability) is fully funded for new tier 2 employees. He asked for a status update on the bus benches. He would like a few benches installed each year based on needs. Councilman Ford would like to honor Charlie Ragio for his service to the community. Mr. Ragio passed away recently.

Councilman Burnette provided details of the holiday events for this weekend.

Vice Mayor Bastian asked Mr. Johansson to bring back options regarding a lobbyist for the City.

Councilman Stiltner agreed with options for a lobbyist. He asked that Mr. Ragio be honored by rebuilding the VIP program.

CONSENT AGENDA

18. Approval of Minutes

- a. November 10, 2015 - Regular City Council Meeting
- b. November 17, 2015 - City Council Workshop

19. Resolution No. 15-82 - Budget Appropriation

20. Bid Awards and Contract Items

- a. Ratify and confirm the decision of the City Manager for Change Order No. 5 to McMahan Construction Contract for the Williamson Blvd. Regional Lift Station Project
- b. Laundering/Dry Cleaning Service for Police and Fire Personnel
- c. Renewal of Piggyback Agreement with Phillips and Jordan Inc. for Debris Removal, Reduction and Disposal
- d. Award Bid #B16-03 to Meeks Plumbing, Inc. for Digester Cleaning
- e. Renewal of Piggyback Agreement with AshBritt Inc. for Debris Removal, Reduction and Disposal
- f. Renewal of Piggyback Agreement with Crowder-Gulf Joint Venture Inc. for Debris Removal, Reduction and Disposal
- g. Approval of Municipality/Transportation Planning Organization FY 2015/2016 Funding Agreement
- h. Change Order No. 2 to Sawcross Incorporated Contract for the Reclaimed Water Reservoir Outfall and Filtration Project Bid #15-09

Motion to approve the Consent Agenda as amended was made by Vice Mayor Bastian, and Seconded by Councilman Burnette. Motion carried unanimously by voice vote.

Item #19 - Resolution No. 15-82 - Budget Appropriation

Mayor Green read Resolution No. 15-82.

RESOLUTION NO. 15-82

A RESOLUTION OF THE CITY OF PORT ORANGE, VOLUSIA COUNTY, FLORIDA, APPROPRIATING OPERATING FUNDS FOR THE REPAIR OF THE MENZI MUCK; SETTING FORTH REVENUES AND EXPENDITURES; AND PROVIDING AN EFFECTIVE DATE.

Motion to approve Resolution No. 15-82 was made by Vice Mayor Bastian, and Seconded by Councilman Burnette.

Councilman Burnette believes option #2 is better than option #1 as recommended by Staff so that the loan amount can be paid back into the fund paying for the repair.

Tracey Riehm, Finance Director, advised that Staff recommended option #1 because the 412 fund doesn't have a lot of extra cash.

Councilman Ford agreed with Councilman Burnette. He wants to see the expenses accounted for more clearly.

Councilman Stiltner is concerned with spending this money to repair the machine rather than replacing the machine with a new one. He asked if rental equipment can be used when the machine is down.

Motion to amend the motion to approve Resolution No. 15-82 to include option #2 was made by Councilman Burnette, and Seconded by Councilman Ford. Motion carried unanimously by voice vote.

Motion to approve Resolution No. 15-82 to include option #2 was made by Councilman Burnette, and Seconded by Councilman Ford.

Mr. Noftall asked if the internal accounting procedures have been changed so that monies are being tracked in the drainage fund. He is concerned with the funds being used outside of drainage projects. Mr. Johansson advised that the drainage staff is still working on drainage projects when the Menzi Muck machine is down. He said staff is working to get the clarity being requested.

Motion carried 4-1 by roll call vote with Mayor Green voting no.

Item #20(b) - Laundering/Dry Cleaning Service for Police and Fire Personnel

Councilman Ford would like these services to be opened in two (2) years so that Port Orange businesses can attempt to serve the City.

Motion to approve was made by Councilman Burnette, and Seconded by Vice Mayor Bastian subject to rebidding in two years. Motion carried unanimously by roll call vote.

TABLED ITEMS

21. Resolution No. 15-77 - Recommending Elimination or Limiting the Jurisdiction of the Volusia County Growth Management Commission (Tabled November 10, 2015)

Motion to remove from the table for further discussion was made by Vice Mayor Bastian, and Seconded by Councilman Burnette. Motion carried 4-1

by roll call vote with Councilman Ford
voting no.

Mayor Green read Resolution No. 15-77.

RESOLUTION NO. 15-77

A RESOLUTION OF THE CITY OF PORT ORANGE, VOLUSIA COUNTY, FLORIDA, REQUESTING THE VOLUSIA CHARTER REVIEW COMMISSION TO RECOMMEND AN AMENDMENT TO THE VOLUSIA COUNTY CHARTER EITHER ELIMINATING THE VOLUSIA GROWTH MANAGEMENT COMMISSION OR ALTERNATIVELY LIMITING THE JURISDICTION OF THE VOLUSIA GROWTH MANAGEMENT COMMISSION TO ONLY CONDUCT REVIEWS AND HEARINGS OF PROPOSED COMPREHENSIVE PLAN AMENDMENTS OF LOCAL GOVERNMENTAL ENTITIES WHEN AN OBJECTION TO A PROPOSED COMPREHENSIVE PLAN AMENDMENT IS FILED BY ANOTHER LOCAL GOVERNMENTAL ENTITY; AND PROVIDING AN EFFECTIVE DATE.

Motion to approve Resolution No. 15-77
was made by Vice Mayor Bastian, and
Seconded by Councilman Burnette.

Councilman Stiltner believes it needs to be eliminated or restructured.

Mr. Johansson said the State still has the ability to monitor the projects.

Councilman Ford doesn't believe it delays projects more than a month or two. He doesn't want to see it eliminated. He thinks it's a good process.

Councilman Burnette doesn't support eliminating the Commission. He wants it back to the way it was established.

Motion failed 1-4 by roll call vote with
Mayor Green voting yes.

REGULAR AGENDA

22. Investment Policy

Ms. Riehm discussed the changes being recommended to the City's Investment Policy.

Council agreed with the need for changes and supported the recommendations. They would like to keep investments conservative.

Motion to approve the investment policy for the asset backed securities was made by Councilman Burnette, and Seconded by Councilman Ford. Motion and Second withdrawn.

Motion to approve all recommendations except the section regarding A-rated Corporate Notes was made by Councilman Burnette, and Seconded by Vice Mayor Bastian.

Mr. Gardner is concerned with investing in overseas debt and banks. He expressed concerns with A-rated bonds.

Motion carried 4-1 with Councilman Ford voting no.

COMMENTS

23. City Attorney Comments

There was nothing further to report.

24. City Manager Comments

Mr. Johansson advised that the bus bench plan is being worked on now. Staff is working with the County to determine which benches need to be installed first. Mr. Johansson introduced Cindy DePina as the new Administrative Services Director.

COUNCIL COMMITTEE REPORTS

25. City Council Committee Reports

a. ArtHaus – Councilman Burnette - Laurie Ring will be hosting the City Manager and Assistant City Manager for a tour of the facility this week.

b. River to Sea TPO – Councilman Ford –TPO discussed their budget, as well as project lists.

c. General Employees' Pension Plan – Councilman Stiltner had nothing to report.

d. YMCA – Councilman Stiltner asked about Phase III of the renovations. Ms. Roberts advised there is an agenda item on the December 8, 2015 agenda for Council consideration.

e. Police Pension Plan – Vice Mayor Bastian reported on the performance from last year. So far this year, the plan is up almost 3.5%.

f. Fire Pension Plan – Councilman Ford reported on the performance of the Fire Pension Plan. New actuarial age charts are coming from the State.

Mr. Noftall expressed his concerns with amounts paid on the pension plans. Mayor Green asked Staff to review Mr. Noftall's calculations provided a few months ago. Mr. Noftall will provide same to Mr. Johansson.

ADJOURNMENT: 8:53 p.m.

Mayor Allen Green

Attest:

Robin Fenwick, CMC
City Clerk

CITY COUNCIL AGENDA ITEM

REQUESTED COUNCIL MEETING DATE 12/08/2015

Consent item: Yes

SUBJECT: Contract Piggyback Purchase of FY 2016 Fleet Vehicle and Equipment

DEPARTMENT: Public Works

GOAL: 6 - Organizational Excellence

OBJECTIVE: N/A

RECOMMENDED MOTION: Move to approve the contract piggyback purchases of FY 2016 vehicles and equipment for a total cost not to exceed \$1,529,770.47, and authorize the Mayor and City Clerk to execute all contract documents for Alan Jay Ford (2), Alan Jay Nissan, Duval Ford, SBL Freightliner, Southern Sewer, Ring Power, Falcon Asphalt, Jacobson North Florida, Deere & Company, Morganelli & Associates and Wesco Turf, Inc.

SUMMARY: The FY 2016 Fleet Vehicle Replacement Schedule (attached) shows vehicle and equipment needs of City departments. The purchases will be made through piggyback contracts from the State of Florida, Florida Sheriff's Association, General Services Administration (GSA), Volusia County, and National Joint Powers Alliance (NJPA).

The total not to exceed cost of the purchases is \$1,529,770.47. The funds for the purchases are in the FY 2016 505 Lease and Replacement Fund and Operating Fund budgets approved by the City Council.

FROM:	Steve Casey	Peggy Goff	Drew Terpak	Annette Grissom
	Executive Director	Deputy Executive Director	Business Operations Manager	Cooperative Bid Coordinator

RE: Cab & Chassis Trucks & Other Fleet Equipment **Bid Number:15-13-0904**

We are pleased to announce that the Florida Sheriffs Association and the Florida Association of Counties has successfully conducted its 13th statewide competitive bid for vehicles which includes trucks, backhoes, motorgraders, agriculture type tractors, skid steer loaders, street sweepers, generators, and light towers. **This contract is effective beginning October 1, 2015 through September 30, 2016, as long as vehicles are available through fleet.**

Bids will be extended and guaranteed to any and all units of local governments/political subdivisions including but not limited to county, local county board of public instruction, municipalities and/or police agencies, other local public or public safety agencies or authorities within the State of Florida, and the state universities and colleges. In addition, bids will be extended and guaranteed to any other entities approved by manufacturers to participate in this contract. The participating agencies cannot guarantee any order other than those ordered through each individual agency.

In order to ensure quality service for our user agencies, we are requesting each of you to notify the Florida Sheriffs Association regarding any problems encountered in working with the awarded dealers. Any issues, including but not limited to, receipt of confirmation of order, delivery problems and communication problems, should be reported to us by e-mail at fleet@flsheriffs.org. This information will be considered in future bid awards in order to ensure that agencies are receiving the level of service required of dealers who wish to participate in this program.

All interested parties who wish to purchase from this contract may do so by following these simple procedures:

ORDERING INSTRUCTIONS

1. Contact the awarded dealership listed in the zone from which you wish to purchase and advise them of your interest to purchase from **Bid No. 15-13-0904**. They will assist you with the placement of your order and answer any questions you may have regarding the

vehicles purchased through this program. **You can only purchase from a dealer who is listed as a winner of one of the four zones for the vehicle you wish to purchase. However, you may purchase from any awarded dealer within any zone (additional delivery fees may apply).**

Agencies ordering a Ford, General Motors, Chrysler, or Toyota product, please be advised that you must use the appropriate FIN Code/FAN Code for the Florida Sheriffs Association in order to obtain the manufacturer's concessions. Also, you must use your FIN Code/FAN Code as a secondary number. For further assistance call the Fleet Customer Information Center for your appropriate manufacturer.

Manufacturer	Type Code	FSA Code	Fleet Center Contact Numbers	
Ford	FIN Code	QE065	1-800-34-FLEET	(1-800-343-5338)
General Motors	FAN Code	917872	1-800-FLEET OP	(1-800-353-3867)
Chrysler	FAN Code	48830	1-800-999-FLEET	(1-800-999-3533)
Toyota	FIN Code	GE159	1-800-732-2798	

2. **You must send a copy of the original purchase order (including FSA's Contract No. 15-13-0904) submitted to the participating dealer electronically to: COOP@flsheriffs.org**
3. **Basic information required on all purchase orders** is listed in this Bid Award Announcement. Purchase orders lacking the required basic information listed may result in the delay of placement and/or confirmation of orders. NOTE: The agency is responsible for obtaining a "Confirmation of Order" from the respective dealership. Dealers are required to complete a "Confirmation of Order" and send it to the purchaser within fourteen (14) calendar days after receipt of purchase order. Purchasers are encouraged to contact the dealer if a "Confirmation of Order" has not been received within a reasonable time.

Purchasers are reminded that the issuance of a purchase order does not in itself guarantee the placement of an order.
4. All Cooperative Contracts include an administrative fee of .0075 or three quarters of one percent. The base price and all add options are inclusive of the administrative fee.
 - **Cab & Chassis Trucks & Other Fleet Equipment** – Dealers have included a three-quarter of one percent (.0075) administrative fee in the base price and all add options that are listed. The three quarters of one percent (.0075) will also be included in any additional equipment (add options) the dealers quote to the governmental agencies.
5. In order to ensure quality service for our user agencies, we are requesting that you notify the Florida Sheriffs Association regarding any problems encountered in working with the awarded dealers. Any issues, including but not limited to, receipt of confirmation of order, delivery problems and communication problems, should be reported to us by e-mail at FLEET@flsheriffs.org. This information will be considered in future bid awards in order to ensure that agencies are receiving the level of service required of dealers who wish to participate in this program.
6. Add/delete options might include a superscript listed by the Order Code. The purpose of the superscript is to identify which options correlate to a specific dealer. Superscripts will be a number between 1 and 4, and will correspond as follows:

1 = Western zone dealer

3 = Central zone dealer

2 = Northern zone dealer

4 = Southern zone dealer

If a dealer has been awarded more than one zone, they will only have one superscript number assigned, and it will be the lowest numerical number that applies to their awarded zones. For example, if a dealer is awarded the northern and southern zones, their add/delete options for both zones will be represented by a “2” superscript.

Options are intended to add or delete equipment and/or features from the base vehicle specification, and to allow for an upgrade or downgrade to a manufacturer’s model with a slightly different engine size or horsepower, and as such, will not be made available for purchase separate from the base vehicle.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

OFF-ROAD ALL TERRAIN VEHICLES - 4 WHEEL DRIVE SPECIFICATION #1

2016 Honda Four Trax Foreman 500 (TRX500FA5G)

The Honda Four Trax Foreman 500 (TRX500FA5G) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$8,150.00	\$7,940.00	\$7,748.00	\$7,748.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

OFF-ROAD ALL TERRAIN VEHICLES - 4 WHEEL DRIVE SPECIFICATION #1

2016 Polaris Sportsman 570 EFI (A15MH57AA)

The Polaris Sportsman 570 EFI (A15MH57AA) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	-- No bid --	-- No bid --	-- No bid --

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

OFF-ROAD UTILITY VEHICLES - 4 WHEEL DRIVE SPECIFICATION #2

2016 Kymco UXV 500i

The Kymco UXV 500i purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$8,999.00	\$8,849.00	\$8,649.00	\$8,649.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

The Honda Pioneer 700 (SXS700M2G) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$10,114.00	\$9,914.00	\$9,714.00	\$9,714.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

OFF-ROAD UTILITY VEHICLES - 4 WHEEL DRIVE SPECIFICATION #2

2016 New Holland Rustler 125

The New Holland Rustler 125 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	-- No bid --	-- No bid --	-- No bid --

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

OFF-ROAD UTILITY VEHICLES - 4 WHEEL DRIVE SPECIFICATION #2

2016 Yamaha Viking (YXM700DGG)

The Yamaha Viking (YXM700DGG) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$11,344.00	\$11,150.00	\$10,949.00	\$10,955.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE NOTED. Instructions listed above you will find the model numbers of the vehicles that will be included in this years contract.

1. DIMENSIONS (APPROXIMATE)

- a. Length: 115"
- b. Height: 51"
- c. Width: 56"
- d. Wheel Base 79"
- e. Curb Weight 1500 lbs.
- f. GVW 2900 lbs.

2. POWER:

- a. 7 HP Electric Motor
- b. 48 Volt
- c. 8-6 Volt Heavy Duty Batteries

3. TRANSMISSION/AXLE:

- a. Enclosed internally lubricated differential/transaxle

4. CHASSIS/STEERING/SUSPENSION

- a. 1250 lbs. towing capacity
- b. 2900 lbs. GVW
- c. Frame Type Chassis
- d. Suspension matched for GVW of vehicle

5. TIRES AND WHEELS:

- a. Off/on road type tires
- b. Wheels rated for GVW of vehicle
- c. Tires to be traction type rated for GVW of vehicle

6. PERFORMANCE:

- a. 45 mile range
- b. 19 MPH minimum

7. BRAKES:

- a. Manual parking brake
- b. Disc or drum type
- c. 2 or 4 wheel breaks

8. BODY:

- a. Rear mounted hitch for towing 2"
- b. Pick-up type box with sides and tailgate
- c. 2 passenger seating

ELECTRIC UTILITY VEHICLE SPECIFICATION #3

2016 Columbia SU5-L

The Columbia SU5-L purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$11,122.00	\$11,122.00	\$11,122.00	\$11,122.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

PLEASE NOTE: No bids will be accepted on vehicle(s) marked with a (R0). This is a rollover and must be purchased from the 12-20-0905 Bid Award Announcement.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. Manufacturer's standard gas engine, alternator, battery and cooling package.

2. **TRANSMISSION/AXLES:**

- a. Manufacturer's standard automatic transmission.
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.

3. **PERFORMANCE ITEMS:**

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.

4. **COMFORT ITEMS:**

- a. Manufacturer's standard air conditioning with 134A system.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Manufacturer's standard production seats. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. **SAFETY ITEMS:**

- a. Dual mount outside mirrors to provide field of vision for vehicles to 96" wide.
- b. Interior dome lights with left and right door activated switches.
- c. Manufacturer's standard air bags.

6. **BRAKES:**

- a. Four wheel anti-lock brake ABS system.

7. **TIRES AND WHEELS:**

- a. Manufacturer's standard tires and wheels.

8. CHASSIS, FRAME, CAB:

- a. Manufacturer's standard bumper.
- b. Manufacturer's standard fuel tank.
- c. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.

1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #4

2016 Chevrolet Silverado 3500 HD (CC36003)

The Chevrolet Silverado 3500 HD (CC36003) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$23,944.00	\$23,444.00	\$22,944.00	\$23,944.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #4

2016 Ram 3500 (DD3L63)

The Ram 3500 (DD3L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$25,149.00	\$25,074.00	\$24,945.00	\$25,124.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #4

2016 Ford F-350 (F3G)

The Ford F-350 (F3G) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$21,500.00	\$21,500.00	\$21,457.00	\$21,457.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

RFC ¹ BXR ²	Optional equipment - specify Regional freight charge per vehicle for alternative zone purchasing per section 3.54 paragraph A, item 1b. Per terms and specifications 1.14, pre-delivery service inspection and all delivery requirements, plus additional fleet simple key included. Not applicable when agency is domiciled in same zone as the base award. Amount is calculated via statistical algorithm utilizing trending market sales data and median variable freight costs within certain statistical mileage data points within the state of Florida. Any dollar volume credit to this unit cost, where applicable, is derived per section 3.55 ¹ (Body Transfer or 3rd Party Body Installations) In the event end user chooses to purchase cab & chassis only dealer will facilitate obtaining Manufacturer completed certificate, perform Manufacturer Required Pre-Delivery Inspection and ensure all proper tag and title documents are present to certify the vehicle as a complete vehicle in the State of Florida (Ref State Statutes 319.21 & 319.23). Alan Jay Fleet will coordinate with Certified Manufacturer and bring vehicle to Alan Jay to complete Manufacturer required pre-delivery inspection prior to delivering to customer. Transportation cost to facilitate the above transaction will be set at \$1.85 per mile from Alan Jay Fleet to 3rd Party Vendor back to Alan Jay to complete Inspection. Final Delivery from Alan Jay to customer is included in bid price. **Customer or agent MUST inspect vehicle at 3rd party location at time of delivery. Payment for Chassis will be due upon delivery of chassis to 3rd party vendor. ²		\$400.00 ¹	\$397.00 ²
TEMP ¹ TEMP ²	Temporary tag This classification of vehicle requires a weight slip, body certification, and second stage manufacturer's statement of origin for proper title issuance per Florida Statute 319.21. Per Florida State Statute 319.23(6), the obligation is on every dealer who sells a motor vehicle to apply for transfer of title (http://hsmv.state.fl.us/html/forms.html) or for duplicate title on behalf of the purchaser. Under no circumstances, if the vehicle is to be titled and/or registered in Florida, is a dealer permitted to give the paperwork to the customer and advise the customer to apply for transfer of title. The obligation is the dealer's and the Division of Motorist Services holds the dealer accountable for that responsibility. [TL-10 17th edition Florida DJSMV 2015 Dealer Handbook] Purchaser acknowledges that incomplete chassis do not meet FMVSS & DOT requirements for highway operation. Tag may be delayed by tag office and shipped separately. Per Florida Statute 320.08, overages refunded. ¹		\$6.00 ¹	\$45.25 ²
TX ¹ TRANS ²	Transfer existing registration (must provide tag number) This classification of vehicle requires a weight slip, body certification, and second stage manufacturer's statement of origin for proper title issuance per Florida Statute 319.21. Per Florida State Statute 319.23(6), the obligation is on every dealer who sells a motor vehicle to apply for transfer of title (http://hsmv.state.fl.us/html/forms.html) or for duplicate title on behalf of the purchaser. Under no circumstances, if the vehicle is to be titled and/or registered in Florida, is a dealer permitted to give the paperwork to the customer and advise the customer to apply for transfer of title. The obligation is the dealer's and the Division of Motorist Services holds the dealer accountable for that responsibility. FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #4

2016 Freightliner Sprinter (F3CC144)

The Freightliner Sprinter (F3CC144) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$32,631.00	\$32,631.00	\$32,631.00	\$32,631.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #4

2016 GMC Sierra 3500 HD (TC36003)

The GMC Sierra 3500 HD (TC36003) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$24,582.00	\$24,082.00	\$23,582.00	\$24,582.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. Manufacturer's standard gas engine, alternator, battery and cooling package.

2. **TRANSMISSION/AXLES:**

- a. Manufacturer's standard automatic transmission.
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.
- c. Manufacturer's standard transfer case
- d. Limited slip differential on rear axles

3. **PERFORMANCE ITEMS:**

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.

4. **COMFORT ITEMS:**

- a. Manufacturer's standard air conditioning with 134A system.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Manufacturer's standard production seats. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. **SAFETY ITEMS:**

- a. Dual mount outside mirrors to provide field of vision for vehicles to 96" wide.
- b. Interior dome lights with left and right door activated switches.
- c. Manufacturer's standard air bags.

6. **BRAKES:**

- a. Four wheel anti-lock brake ABS system.

7. **TIRES AND WHEELS:**

- a. Manufacturer's standard tires and wheels.

8. **CHASSIS, FRAME, CAB:**

- a. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- b. Manufacturer's standard fuel tank.
- c. Manufacturer's standard bumper.

1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #5

2016 Chevrolet Silverado 3500 HD (CK36003)

The Chevrolet Silverado 3500 HD (CK36003) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$26,292.00	\$25,792.00	\$25,292.00	\$26,292.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #5

2016 Ram 3500 (DD8L63)

The Ram 3500 (DD8L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$26,322.00	\$26,247.00	\$26,287.00	\$26,297.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #5

2016 Ford F-350 (F3H)

The Ford F-350 (F3H) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$24,829.00	\$24,829.00	\$24,829.00	\$24,829.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #5

2016 GMC Sierra 3500 HD (TK36003)

The GMC Sierra 3500 HD (TK36003) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$26,932.00	\$26,432.00	\$25,932.00	\$26,932.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. Manufacturer's standard diesel engine
- b. Heavy duty alternator
- c. Maintenance free heavy duty battery
- d. Manufacturer's heavy duty engine cooling

2. **TRANSMISSION/AXLES:**

- a. Manufacturer's standard automatic transmission.
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.

3. **PERFORMANCE ITEMS:**

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.

4. **COMFORT ITEMS:**

- a. Manufacturer's standard air conditioning with 134A system.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Manufacturer's standard production seats. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. **SAFETY ITEMS:**

- a. Dual mount outside mirrors to provide field of vision for vehicles to 96" wide.
- b. Interior dome lights with left and right door activated switches.
- c. Manufacturer's standard air bags, if available.
- d. Manufacturer's standard convex mirrors.

6. **BRAKES:**

- a. Four wheel anti-lock brake ABS system.

7. **TIRES AND WHEELS:**

- a. BSW steel belted radials, 215/85R16E minimum.

- b. 16 x 6.0 steel - 6-hole disc wheels.
- c. Tire capacity: front - 2,400 lbs. (ea.); rear - 2,200 lbs. (ea.).

8. CHASSIS, FRAME, CAB:

- a. Minimum 12,000 lb. GVWR.
- b. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- c. Manufacturer's standard fuel tank.
- d. Manufacturer's standard bumper.
- e. Cab with 45-degree mechanical tilt with torsion assist.
- f. Tilt cab & chassis only.

2015 Isuzu NPR Eco-Max (NJ154)

The Isuzu NPR Eco-Max (NJ154) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	-- No bid --	-- No bid --	-- No bid --

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

TILT CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #6

2016 Kenworth K270

The Kenworth K270 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$67,306.00	\$67,056.00	\$69,969.00	\$69,415.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

TILT CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #6

2016 Mitsubishi FE130

The Mitsubishi FE130 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$35,940.00	\$35,940.00	\$35,940.00	\$35,940.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. Manufacturer's standard diesel engine.
- b. Maintenance free heavy duty battery
- c. Manufacturer's heavy duty engine cooling
- d. Heavy duty alternator

2. **TRANSMISSION/AXLES:**

- a. Manufacturer's standard automatic transmission
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.

3. **PERFORMANCE ITEMS:**

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.
- c. Heavy duty front and rear shocks.

4. **COMFORT ITEMS:**

- a. Air conditioning, factory installed.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Vinyl seating with head rests to accommodate 3 passengers. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. **SAFETY ITEMS:**

- a. Dual mount outside mirrors must provide a field of vision for vehicles to 96" width, and for towing.
- b. Interior dome lights with left and right door activated switches.
- c. Air bags for driver and right front passenger, if available.

6. **BRAKES:**

- a. Rear anti-lock brakes, minimum.

7. **TIRES AND WHEELS:**

- a. BSW all season tread radial, 19.5" heavy duty truck tires.

8. **CHASSIS. FRAME. CAB:**

- a. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- b. Manufacturer's standard front bumper, bright or painted.
- c. Fuel tank capacity, 25 gallons minimum.
- d. Cab to center of rear axle - 60" approximately.
- e. Minimum 15,000 lbs. GVWR.
- f. Cab & chassis only.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

15,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #7

2016 Ram 4500 (DP4L63)

The Ram 4500 (DP4L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$37,884.00	\$37,819.00	\$37,832.00	\$37,869.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

15,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #7

2016 Ford F-450 (F4G)

The Ford F-450 (F4G) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$33,490.00	\$33,490.00	\$33,490.00	\$33,490.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Order Code	Add Options	All Zones
98R ¹	Engine upgrade - specify Operator Commanded Regeneration (OCR) (98R) • OCR allows customer to actuate a manual diesel particulate filter (DPF) regeneration with the vehicle at idle • OCR is a very specialized option requiring the customer have full knowledge of proper use and actuation — it's highly recommended the dealer and the customer review the most recent Super Duty Diesel Engine Supplement for more information • OCR is not recommended for general customer use, includes a \$250 MSRP and is intended for unique applications where the vehicle is rarely, if ever, driven above 15–20 mph and/or experiences extended idle periods – Vocations where the above can occur are oil refineries, underground mining, line repair and tree trimming – Customers within these vocations may find it beneficial to have the option of a manual DPF regeneration during a work cycle ¹	\$249.00 ¹
63T ¹	Engine upgrade - specify Engine Idle Shutdown is optional on the 6.7L Power Stroke diesel engine. • After a predetermined period, the engine powertrain control module (PCM) automatically shuts down the engine and triggers the accessory module to shut down power to the accessories to minimize battery drain • Primarily helps reduce diesel fuel consumption and diesel exhaust emissions • Also helps improve overall fuel economy and reduce operating and maintenance costs – A diesel engine idling for an hour uses as much fuel as if the vehicle had been driven 7 miles, on average – And when it comes to maintenance, that same engine idling for an hour causes as much wear as if the vehicle had been driven 25 miles • Improved overall fuel economy ¹	\$249.00 ¹
DEC ¹	Engine upgrade - specify 7 Year, 200,000 mile 8000 Hour Diesel EngineCare Plus. Add \$755 for SPECIALTY – Emergency (fire, ambulance, police), limo, livery, shuttle, tow truck. Covers: • All Internal Lubricated Parts • Crankcase Oil Cooler • Cylinder Block • Cylinder Heads • EGR Cooler • Flywheel • Fuel Injectors • Fuel Injection Pressure Regulator • Fuel Injection Pump • Manifold and Bolts • Manifold (Exhaust and Intake) • Oil Pan • Oil Pump • Seals and Gaskets (Cylinder Head Gasket) • Thermostat • Thermostat Housing • Timing Chain (Gears or Belt) • Timing Chain Cover • Turbocharger (Factory-Installed) • Valve Covers • Water Pump ¹	\$3,750.00 ¹
99Y ¹	Gas engine, 8 cylinder 6.8L 3 Valve V10 Gas SOHC EFI NA V10/TorqShift® Five-Speed Automatic. INCLUDES: Electronic 5-Speed Automatic. • 362 horsepower @ 4750 rpm • 457 lb.-ft. of torque @ 3250 rpm. Transmission can be equipped with power takeoff port — must specify order code 62R (on 6.8L engine) ¹	(\$5,000.00) ¹
BIFUEL.CNG ¹	Bi-fuel model - specify 2016 F-450/550 with 6.8L Triton V10 Engine, Requires Ford's Gaseous Prep package (98G) option - Dedicated and Bi-Fuel Systems. • 15GGE up to 48 GGE's Gasoline Gallon Equivalent (GGE) CNG Cylinder Options. • CNG Driving Range from 120 - 350 miles, Depends on Cylinder Package. • Cylinders can be mounted inside Transverse Service Bodies, Outside Frame Rail, Behind the Cab depending on GGE requirements. • Includes Quarter Turn Manual Shut Off Valve Located Under Driver's Side Door. • CNG Fuel Economy Equivalent to that of Gasoline. • Meets EPA Certification Standards. • Seamlessly Integrated with Ford Vehicle and Equipped with Ford On-Board Computer Control System. • Sequential Fuel Injection and Proprietary Fuel Delivery System. • Serviceable Through Ford Dealer Network with Standard Ford Diagnostic Equipment. •	\$12,995.00 ¹

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

15,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #7

2016 International Terrastar

The International Terrastar purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$49,045.00	\$48,045.00	\$45,105.00	\$48,347.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. Manufacturer's standard diesel engine.
- b. Maintenance free heavy duty battery
- c. Manufacturer's heavy duty engine cooling.
- d. Heavy duty alternator

2. **TRANSMISSION/AXLES:**

- a. Manufacturer's standard automatic transmission
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.
- c. Manufacturer's standard transfer case
- d. Limited slip differential on rear axles

3. **PERFORMANCE ITEMS:**

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.
- c. Heavy duty front and rear shocks.

4. **COMFORT ITEMS:**

- a. Air conditioning, factory installed.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Vinyl seating with head rests to accommodate 3 passengers. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. **SAFETY ITEMS:**

- a. Dual mount outside mirrors must provide a field of vision for vehicles to 96" width, and for towing.
- b. Interior dome lights with left and right door activated switches.
- c. Air bags for driver and right front passenger, if available.

6. **BRAKES:**

- a. Rear anti-lock brakes, minimum.

7. **TIRES AND WHEELS:**

- a. BSW all season tread radial, 19.5" heavy duty truck tires.

8. CHASSIS, FRAME, CAB:

- a. Fuel tank capacity, 25 gallons minimum.
- b. Manufacturer's standard front bumper, bright or painted.
- c. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- d. Cab & chassis only.
- e. Minimum 15,000 lbs. GVWR.
- f. Cab to center of rear axle - 60" approximately.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

15,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #8

2016 Ram 4500 (DP9L63)

The Ram 4500 (DP9L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$40,653.00	\$40,578.00	\$40,617.00	\$40,628.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

15,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #8

2016 Ford F-450 (F4H)

The Ford F-450 (F4H) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$36,322.00	\$36,322.00	\$36,322.00	\$36,322.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Order Code	Add Options	All Zones
98R ¹	Engine upgrade - specify Operator Commanded Regeneration (OCR) (98R) • OCR allows customer to actuate a manual diesel particulate filter (DPF) regeneration with the vehicle at idle • OCR is a very specialized option requiring the customer have full knowledge of proper use and actuation — it's highly recommended the dealer and the customer review the most recent Super Duty Diesel Engine Supplement for more information • OCR is not recommended for general customer use, includes a \$250 MSRP and is intended for unique applications where the vehicle is rarely, if ever, driven above 15–20 mph and/or experiences extended idle periods – Vocations where the above can occur are oil refineries, underground mining, line repair and tree trimming – Customers within these vocations may find it beneficial to have the option of a manual DPF regeneration during a work cycle ¹	\$249.00 ¹
63T ¹	Engine upgrade - specify Engine Idle Shutdown is optional on the 6.7L Power Stroke diesel engine. • After a predetermined period, the engine powertrain control module (PCM) automatically shuts down the engine and triggers the accessory module to shut down power to the accessories to minimize battery drain • Primarily helps reduce diesel fuel consumption and diesel exhaust emissions • Also helps improve overall fuel economy and reduce operating and maintenance costs – A diesel engine idling for an hour uses as much fuel as if the vehicle had been driven 7 miles, on average – And when it comes to maintenance, that same engine idling for an hour causes as much wear as if the vehicle had been driven 25 miles • Improved overall fuel economy ¹	\$249.00 ¹
DEC ¹	Engine upgrade - specify 7 Year, 200,000 mile 8000 Hour Diesel EngineCare Plus. Add \$755 for SPECIALTY – Emergency (fire, ambulance, police), limo, livery, shuttle, tow truck. Covers: • All Internal Lubricated Parts • Crankcase Oil Cooler • Cylinder Block • Cylinder Heads • EGR Cooler • Flywheel • Fuel Injectors • Fuel Injection Pressure Regulator • Fuel Injection Pump • Manifold and Bolts • Manifold (Exhaust and Intake) • Oil Pan • Oil Pump • Seals and Gaskets (Cylinder Head Gasket) • Thermostat • Thermostat Housing • Timing Chain (Gears or Belt) • Timing Chain Cover • Turbocharger (Factory-Installed) • Valve Covers • Water Pump ¹	\$3,750.00 ¹
99Y ¹	Gas engine, 8 cylinder 6.8L 3 Valve V10 Gas SOHC EFI NA V10/TorqShift® Five-Speed Automatic. INCLUDES: Electronic 5-Speed Automatic. • 362 horsepower @ 4750 rpm • 457 lb.-ft. of torque @ 3250 rpm. Transmission can be equipped with power takeoff port — must specify order code 62R (on 6.8L engine) ¹	(\$5,000.00) ¹

TEMP ¹	Temporary tag <i>This classification of vehicle requires a weight slip, body certification, and second stage manufacturer's statement of origin for proper title issuance per Florida Statute 319.21. Per Florida State Statute 319.23(6), the obligation is on every dealer who sells a motor vehicle to apply for transfer of title (http://hsmv.state.fl.us/html/forms.html) or for duplicate title on behalf of the purchaser. Under no circumstances, if the vehicle is to be titled and/or registered in Florida, is a dealer permitted to give the paperwork to the customer and advise the customer to apply for transfer of title. The obligation is the dealer's and the Division of Motorist Services holds the dealer accountable for that responsibility. [TL-10 17th edition Florida DJSMV 2015 Dealer Handbook] Purchaser acknowledges that incomplete chassis do not meet FMVSS & DOT requirements for highway operation. Tag may be delayed by tag office and shipped separately. Per Florida Statute 320.08, overages refunded.</i>	\$6.00 ¹
TX ¹	Transfer existing registration (must provide tag number) <i>This classification of vehicle requires a weight slip, body certification, and second stage manufacturer's statement of origin for proper title issuance per Florida Statute 319.21. Per Florida State Statute 319.23(6), the obligation is on every dealer who sells a motor vehicle to apply for transfer of title (http://hsmv.state.fl.us/html/forms.html) or for duplicate title on behalf of the purchaser. Under no circumstances, if the vehicle is to be titled and/or registered in Florida, is a dealer permitted to give the paperwork to the customer and advise the customer to apply for transfer of title. The obligation is the dealer's and the Division of Motorist Services holds the dealer accountable for that responsibility. [TL-10 17th edition Florida DJSMV 2015 Dealer Handbook] Purchaser acknowledges that incomplete chassis do not meet FMVSS & DOT requirements for highway operation. Tag may be delayed by tag office and shipped separately. Per Florida Statute 320.08, overages refunded.</i>	\$85.00 ¹

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

15,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #8

2016 International Terrastar

The International Terrastar purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$57,180.00	\$56,180.00	\$53,234.00	\$56,481.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

- a. Diesel engine, minimum 190 HP
- b. Maintenance free heavy duty battery
- c. Manufacturer's heavy duty engine cooling.
- d. Heavy duty alternator

2. TRANSMISSION/AXLES:

- a. Manufacturer's standard automatic 4-speed transmission with overdrive and manufacturer's heavy duty cooling.
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.

3. PERFORMANCE ITEMS:

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.
- c. Heavy duty front and rear shocks.

4. COMFORT ITEMS:

- a. Air conditioning, factory installed.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Vinyl seating with head rests to accommodate 3 passengers. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. SAFETY ITEMS:

- a. Dual mount outside mirrors must provide a field of vision for vehicles to 96" width, and for towing.
- b. Interior dome lights with left and right door activated switches.
- c. Air bags for driver and right front passenger, if available.

6. BRAKES:

- a. Rear anti-lock brakes, minimum.
- b. Power brakes, front brakes disc type, rear brakes may be drum or disc.

7. TIRES AND WHEELS:

- a. BSW all season tread radial, 19.5" heavy duty truck tires.

8. CHASSIS, FRAME, CAB:

- a. Cab to center of rear axle - 60" approximately.
- b. Minimum 17,501 lbs. GVWR.
- c. Cab & chassis only.
- d. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- e. Manufacturer's standard front bumper, bright or painted.
- f. Fuel tank capacity, 24 gallons minimum.

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #9

2016 Ram 5500 (DP5L63)

The Ram 5500 (DP5L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$38,584.00	\$38,509.00	\$38,533.00	\$38,559.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #9

2016 Ford F-550 (F5G)

The Ford F-550 (F5G) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$34,654.00	\$34,654.00	\$34,626.00	\$34,654.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Order Code	Add Options	Western & Northern & Southern	Central
98R ¹	Engine/transmission upgrade - specify Operator Commanded Regeneration (OCR) (98R) • OCR allows customer to actuate a manual diesel particulate filter (DPF) regeneration with the vehicle at idle • OCR is a very specialized option requiring the customer have full knowledge of proper use and actuation — it's highly recommended the dealer and the customer review the most recent Super Duty Diesel Engine Supplement for more information • OCR is not recommended for general customer use, includes a \$250 MSRP and is intended for unique applications where the vehicle is rarely, if ever, driven above 15–20 mph and/or experiences extended idle periods – Vocations where the above can occur are oil refineries, underground mining, line repair and tree trimming – Customers within these vocations may find it beneficial to have the option of a manual DPF regeneration during a work cycle ¹	\$249.00 ¹	NA
63T ¹	Engine/transmission upgrade - specify Engine Idle Shutdown is optional on the 6.7L Power Stroke diesel engine. • After a predetermined period, the engine powertrain control module (PCM) automatically shuts down the engine and triggers the accessory module to shut down power to the accessories to minimize battery drain • Primarily helps reduce diesel fuel consumption and diesel exhaust emissions • Also helps improve overall fuel economy and reduce operating and maintenance costs – A diesel engine idling for an hour uses as much fuel as if the vehicle had been driven 7 miles, on average – And when it comes to maintenance, that same engine idling for an hour causes as much wear as if the vehicle had been driven 25 miles • Improved overall fuel economy ¹	\$249.00 ¹	NA

RFC ¹ BXR ²	Optional equipment - specify <i>Regional freight charge per vehicle for alternative zone purchasing per section 3.54 paragraph A, item 1b. Per terms and specifications 1.14, pre-delivery service inspection and all delivery requirements, plus additional fleet simple key included. Not applicable when agency is domiciled in same zone as the base award. Amount is calculated via statistical algorithm utilizing trending market sales data and median variable freight costs within certain statistical mileage data points within the state of Florida. Any dollar volume credit to this unit cost, where applicable, is derived per section 3.55¹</i> <i>(Body Transfer or 3rd Party Body Installations) In the event end user chooses to purchase cab & chassis only dealer will facilitate obtaining Manufacturer completed certificate, perform Manufacturer Required Pre-Delivery Inspection and ensure all proper tag and title documents are present to certify the vehicle as a complete vehicle in the State of Florida (Ref State Statutes 319.21 & 319.23). Alan Jay Fleet will coordinate with Certified Manufacturer and bring vehicle to Alan Jay to complete Manufacturer required pre-delivery inspection prior to delivering to customer. Transportation cost to facilitate the above transaction will be set at \$1.85 per mile from Alan Jay Fleet to 3rd Party Vendor back to Alan Jay to complete Inspection. Final Delivery from Alan Jay to customer is included in bid price. **Customer or agent MUST inspect vehicle at 3rd party location at time of delivery. Payment for Chassis will be due upon delivery of chassis to 3rd party vendor.</i>		\$400.00 ¹	\$397.00 ²
TEMP ¹ TEMP ²	Temporary tag <i>This classification of vehicle requires a weight slip, body certification, and second stage manufacturer's statement of origin for proper title issuance per Florida Statute 319.21. Per Florida State Statute 319.23(6), the obligation is on every dealer who sells a motor vehicle to apply for transfer of title (http://hsmv.state.fl.us/html/forms.html) or for duplicate title on behalf of the purchaser. Under no circumstances, if the vehicle is to be titled and/or registered in Florida, is a dealer permitted to give the paperwork to the customer and advise the customer to apply for transfer of title. The obligation is the dealer's and the Division of Motorist Services holds the dealer accountable for that responsibility. [TL-10 17th edition Florida DJSMV 2015 Dealer Handbook] Purchaser acknowledges that incomplete chassis do not meet FMVSS & DOT requirements for highway operation. Tag may be delayed by tag office and shipped separately. Per Florida Statute 320.08, overages refunded.</i>		\$6.00 ¹	\$45.25 ²
TX ¹ TRANS ²	Transfer existing registration (must provide tag number) <i>This classification of vehicle requires a weight slip, body certification, and second stage manufacturer's statement of origin for proper title issuance per Florida Statute 319.21. Per Florida State Statute 319.23(6), the obligation is on every dealer who sells a motor vehicle to apply for transfer of title (http://hsmv.state.fl.us/html/forms.html) or for duplicate title on behalf of the purchaser. Under no circumstances, if the vehicle is to be titled and/or registered in Florida, is a dealer permitted to give the paperwork to the customer and advise the customer to apply for transfer of title. The obligation is the dealer's and the Division of Motorist Services holds the dealer accountable for that responsibility. FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #9

2016 Freightliner M2

The Freightliner M2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$56,281.00	\$56,281.00	\$56,281.00	\$56,281.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #9

2016 Kenworth T170

The Kenworth T170 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$65,664.00	\$65,414.00	\$67,950.00	\$65,979.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #9

2016 Peterbilt 325

The Peterbilt 325 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	\$65,262.00	\$65,262.00	\$63,816.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. Diesel engine, minimum 190 HP
- b. Maintenance free heavy duty battery
- c. Manufacturer's heavy duty engine cooling.
- d. Heavy duty alternator

2. **TRANSMISSION/AXLES:**

- a. Manufacturer's standard automatic transmission
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.
- c. Manufacturer's standard transfer case
- d. Limited slip differential on rear axles

3. **PERFORMANCE ITEMS:**

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.
- c. Heavy duty front and rear shocks.

4. **COMFORT ITEMS:**

- a. Air conditioning, factory installed.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Vinyl seating with head rests to accommodate 3 passengers. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. **SAFETY ITEMS:**

- a. Dual mount outside mirrors must provide a field of vision for vehicles to 96" width, and for towing.
- b. Interior dome lights with left and right door activated switches.
- c. Air bags for driver and right front passenger, if available.

6. **BRAKES:**

- a. Rear anti-lock brakes, minimum.

7. **TIRES AND WHEELS:**

- a. BSW all season tread radial, 19.5" heavy duty truck tires.

8. CHASSIS, FRAME, CAB:

- a. Cab to center of rear axle - 60" approximately.
- b. Minimum 17,501 lbs. GVWR.
- c. Cab & chassis only.
- d. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- e. Manufacturer's standard front bumper, bright or painted.
- f. Fuel tank capacity, 25 gallons minimum.

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #10

2016 Ram 5500 (DP0L63)

The Ram 5500 (DP0L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$41,774.00	\$41,699.00	\$41,722.00	\$41,749.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #10

2016 Ford F-550 (F5H)

The Ford F-550 (F5H) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$37,287.00	\$37,287.00	\$37,287.00	\$37,287.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Order Code	Add Options	All Zones
98R ¹	Engine/transmission upgrade - specify Operator Commanded Regeneration (OCR) (98R) • OCR allows customer to actuate a manual diesel particulate filter (DPF) regeneration with the vehicle at idle • OCR is a very specialized option requiring the customer have full knowledge of proper use and actuation — it's highly recommended the dealer and the customer review the most recent Super Duty Diesel Engine Supplement for more information • OCR is not recommended for general customer use, includes a \$250 MSRP and is intended for unique applications where the vehicle is rarely, if ever, driven above 15–20 mph and/or experiences extended idle periods – Vocations where the above can occur are oil refineries, underground mining, line repair and tree trimming – Customers within these vocations may find it beneficial to have the option of a manual DPF regeneration during a work cycle ¹	\$249.00 ¹
63T ¹	Engine/transmission upgrade - specify Engine Idle Shutdown is optional on the 6.7L Power Stroke diesel engine. • After a predetermined period, the engine powertrain control module (PCM) automatically shuts down the engine and triggers the accessory module to shut down power to the accessories to minimize battery drain • Primarily helps reduce diesel fuel consumption and diesel exhaust emissions • Also helps improve overall fuel economy and reduce operating and maintenance costs – A diesel engine idling for an hour uses as much fuel as if the vehicle had been driven 7 miles, on average – And when it comes to maintenance, that same engine idling for an hour causes as much wear as if the vehicle had been driven 25 miles • Improved overall fuel economy ¹	\$249.00 ¹
DEC ¹	Engine/transmission upgrade - specify 7 Year, 200,000 mile 8000 Hour Diesel EngineCare Plus. Add \$755 for SPECIALTY – Emergency (fire, ambulance, police), limo, livery, shuttle, tow truck. Covers: • All Internal Lubricated Parts • Crankcase Oil Cooler • Cylinder Block • Cylinder Heads • EGR Cooler • Flywheel • Fuel Injectors • Fuel Injection Pressure Regulator • Fuel Injection Pump • Manifold and Bolts • Manifold (Exhaust and Intake) • Oil Pan • Oil Pump • Seals and Gaskets (Cylinder Head Gasket) • Thermostat • Thermostat Housing • Timing Chain (Gears or Belt) • Timing Chain Cover • Turbocharger (Factory-Installed) • Valve Covers • Water Pump ¹	\$3,750.00 ¹

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #10

2016 Freightliner M2

The Freightliner M2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	-- No bid --	-- No bid --	-- No bid --

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. Diesel engine, minimum 200 HP

2. **TRANSMISSION/AXLES:**

- a. All axles, synthetic lube.
- b. Manufacturers standard automatic transmission or approved equivalent (with PTO provision).
- c. 17,500 lb. rear axle

3. **PERFORMANCE ITEMS:**

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.

4. **COMFORT ITEMS:**

- a. Air conditioning, factory installed.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Manufacturer's standard production seats. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. **SAFETY ITEMS:**

- a. Dual mount outside mirrors must provide a field of vision for vehicles to 102" width, and for towing.
- b. Convex mirrors mounted below standard mirrors.
- c. Interior dome lights with left and right door activated switches.

6. **BRAKES:**

- a. Factory air brakes
- b. Anti-lock brake system

7. **TIRES AND WHEELS:**

- a. BSW 11R22.5 (14 PR) or approved equivalent, front and rear.
- b. Oil bath hubs, with synthetic lube.

8. CHASSIS, FRAME, CAB:

- a. Minimum 25,500 lbs. GVWR.
- b. Cab & chassis only.
- c. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- d. Manufacturer's standard front bumper, bright or painted.
- e. Factory front tow hooks.
- f. Fuel tank capacity, 45 gallons minimum.
- g. Cab to center of rear axle - 84" approximately.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #11

2016 Freightliner M2

The Freightliner M2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$53,890.00	\$53,890.00	\$53,890.00	\$53,890.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #11

2016 International Durastar

The International Durastar purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$60,947.00	\$59,947.00	\$58,330.00	\$58,223.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #11

2016 Kenworth T270

The Kenworth T270 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$67,422.00	\$67,172.00	\$68,680.00	\$68,912.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #11

2016 Peterbilt 330

The Peterbilt 330 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	\$70,997.00	\$70,997.00	-- No bid --

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. Diesel engine, minimum 200 HP

2. **TRANSMISSION/AXLES:**

- a. Manufacturer's standard automatic transmission (with PTO provision) minimum, or approved equivalent.
- b. 21,000 lb. rear
- c. All axles, synthetic lube.

3. **PERFORMANCE ITEMS:**

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.

4. **COMFORT ITEMS:**

- a. Air conditioning, factory installed.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Manufacturer's standard production seats. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. **SAFETY ITEMS:**

- a. Dual mount outside mirrors must provide a field of vision for vehicles to 102" width, and for towing.
- b. Convex mirrors mounted below standard mirrors.
- c. Interior dome lights with left and right door activated switches.

6. **BRAKES:**

- a. Factory air brakes
- b. Anti-lock brake system

7. **TIRES AND WHEELS:**

- a. BSW 11R22.5 (14 PR) or approved equivalent, front and rear.
- b. Oil bath hubs, with synthetic lube.

8. CHASSIS, FRAME, CAB:

- a. Minimum 30,000 lbs. GVWR.
- b. Cab & chassis only.
- c. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- d. Manufacturer's standard front bumper, bright or painted.
- e. Factory front tow hooks.
- f. Fuel tank capacity, 45 gallons minimum.
- g. Cab to center of rear axle - 84" approximately.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #12

2016 Hino 338

The Hino 338 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$60,546.00	\$60,546.00	\$60,546.00	\$60,546.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #12

2016 Freightliner M2

The Freightliner M2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$40,931.00	\$40,931.00	\$40,931.00	\$40,931.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #12

2016 International Durastar

The International Durastar purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$62,200.00	\$61,200.00	\$58,782.00	\$58,783.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #12

2016 Kenworth T370

The Kenworth T370 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$67,802.00	\$67,552.00	\$67,715.00	\$68,643.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #12

2016 Peterbilt 337

The Peterbilt 337 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	\$69,980.00	\$69,980.00	\$70,809.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #12

2016 Western Star 4700

The Western Star 4700 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$75,229.00	\$75,229.00	\$75,229.00	\$75,229.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. 350 HP 6 cylinder diesel engine, manufacturer's 11L minimum

2. **TRANSMISSION & CLUTCH:**

- a. The following or approved equivalents are acceptable:
- b. Fuller 14210B 10 Speed Manual with OD

3. **ENGINE EQUIPMENT:**

- a. Alternator – 12 volt 100A
- b. Premium engine hoses
- c. Injection pump – electronic engine control
- d. Radiator – aluminum core
- e. Air restriction monitor – intake mounted

4. **CAB:**

- a. Cab – welded steel galvanized or aluminum shell with rust preventative coating.
- b. Floor covering – black rubber mats
- c. Seating – driver air suspension mid back, passenger fixed mid back.
- d. Steering wheel – 18" two spoke
- e. Standard air conditioning & heating

5. **FRAME:**

- a. Frame – steel construction matched to GVW and mounted body of truck
- b. Wheelbase – 187"
- c. Load platform – 161" 56" AF
- d. Front bumper – painted steel
- e. Fuel tank – 70 gallon, minimum
- f. Air dryer – Bendix AD9 heated, or approved equivalent.
- g. 5th wheel - stationary with left hand release.

6. **SAFETY:**

- a. Horn – single air trumpet
- b. Mirrors – West Coast for 102" trailer widths to include 7.5" convex mounted to lower mirror bracket.
- c. Brakes – "S" cam type 16.5" x 5" Q + front and 16.5" x 7" Q + rear with anti-lock without automatic traction control, or approved equivalent.
- d. Slack adjusters – Haldex automatic front and rear.
- e. Daytime running lights.
- f. Backup alarm
- g. Electrical plug holder includes glad hand storage.
- h. Tractor package to include valves, trailer lines & frame access

7. FRONT AXLE:

- a. Axle – 12,000 lb.
- b. Front wheels – steel 10 hole hub piloted
- c. Front tires – 11R22.5 Goodyear G397LHS, steer or approved equivalent.
- d. Front hubs – Ferrous, or approved equivalent.
- e. Oil type with synthetic lube

8. REAR AXLE:

- a. Minimum 40,000 lb. rated axle and suspension
- b. Rear wheels – steel 10 hole hub piloted
- c. Rear tires – 11R22.5 Goodyear G124 unisteel traction or approved equivalent.
- d. Hubs – Ferrous, or approved equivalent.
- e. Power divider with warning light and buzzer (includes in cab control)

9. ELECTRICAL:

- a. Circuit protection – fuses except headlamp and wiper circuits which utilize circuit breakers.
- b. Hand throttle – electronic hand throttle operated through cruise control when in PTO mode only.
- c. Engine protection – engine shut down system monitoring high water temp, low oil pressure, high exhaust temp, high transmission temp.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRACTOR (ONLY) SPECIFICATION #13

2016 Caterpillar CT660

The Caterpillar CT660 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$110,570.00	\$110,570.00	\$110,570.00	\$114,250.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRACTOR (ONLY) SPECIFICATION #13

2016 Freightliner M2-112

The Freightliner M2-112 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$78,935.00	\$78,935.00	\$78,935.00	\$78,935.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRACTOR (ONLY) SPECIFICATION #13

2016 Kenworth T880

The Kenworth T880 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$102,760.00	\$102,510.00	\$103,989.00	\$103,795.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRACTOR (ONLY) SPECIFICATION #13

2016 Mack C or G Series

The Mack C or G Series purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$99,050.00	\$99,050.00	\$99,050.00	\$99,050.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRACTOR (ONLY) SPECIFICATION #13

2016 Volvo V Series

The Volvo V Series purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$93,410.00	\$93,410.00	\$93,410.00	\$93,410.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRACTOR (ONLY) SPECIFICATION #13

2016 Western Star 4800

The Western Star 4800 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$95,955.00	\$95,955.00	\$95,955.00	\$95,955.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. 350 HP 6 cylinder diesel engine, manufacturer's 11L minimum

2. **TRANSMISSION & CLUTCH:**

- a. The following or approved equivalents are acceptable:
- b. Fuller 14210B 10 Speed Manual with OD

3. **ENGINE EQUIPMENT:**

- a. Alternator – 12 volt 100A
- b. Premium engine hoses
- c. Injection pump – electronic engine control
- d. Radiator – aluminum core
- e. Air restriction monitor – intake mounted

4. **CAB:**

- a. Cab – welded steel galvanized or aluminum shell with rust preventative coating.
- b. Floor covering – black rubber mats
- c. Seating – driver air suspension mid back, passenger fixed mid back.
- d. Steering wheel – 18" two spoke
- e. Standard air conditioning and heating

5. **FRAME:**

- a. Frame – steel construction matched to GVW and mounted body of truck.
- b. Wheelbase – 187"
- c. Front bumper – painted steel
- d. Fuel tank – 70 gallon, minimum
- e. Air dryer – Bendix AD9 heated, or approved equivalent.

6. **SAFETY:**

- a. Horn – single air trumpet
- b. Mirrors – West Coast to include 7.5" convex mounted to lower mirror bracket.
- c. Brakes – "S" cam type 16.5" x 5" Q + front and 16.5" x 7" Q + rear with anti-lock without automatic traction control, or approved equivalent.
- d. Slack adjusters – Haldex automatic front and rear.
- e. Daytime running lights.
- f. Backup alarm

7. FRONT AXLE:

- a. Front axle – 12,000 lb.
- b. Front wheels – steel 10 hole hub piloted
- c. Front tires – 11R22.5 Goodyear G397LHS, steer or approved equivalent.
- d. Front hubs – Ferrous, or approved equivalent.
- e. Oil type with synthetic lube

8. REAR AXLE:

- a. Rear axle – 40,000 lb.
- b. Rear wheels – steel 10 hole hub piloted
- c. Rear tires – 11R22.5 Goodyear G124 unisteeel traction or approved equivalent.
- d. Hubs – Ferrous, or approved equivalent.
- e. Power divider with warning light and buzzer (includes in cab control)

9. ELECTRICAL:

- a. Circuit protection – fuses except headlamp and wiper circuits which utilize circuit breakers.
- b. Hand throttle – electronic hand throttle operated through cruise control when in PTO mode only.
- c. Engine protection – engine shut down system monitoring high water temp, low oil pressure, high exhaust temp, high transmission temp.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK SPECIFICATION #14

2016 Caterpillar CT660

The Caterpillar CT660 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$109,726.00	\$109,726.00	\$109,726.00	\$113,790.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK SPECIFICATION #14

2016 Freightliner M2-112

The Freightliner M2-112 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$61,935.00	\$61,935.00	\$61,935.00	\$61,935.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK SPECIFICATION #14

2016 Kenworth T880

The Kenworth T880 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$101,482.00	\$101,232.00	\$102,280.00	\$102,985.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK SPECIFICATION #14

2016 Mack C or G Series

The Mack C or G Series purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$109,300.00	\$109,300.00	\$109,300.00	\$109,300.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK SPECIFICATION #14

2016 Peterbilt 567

The Peterbilt 567 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	\$108,362.50	\$108,362.50	\$110,544.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK SPECIFICATION #14

2016 Western Star 4700

The Western Star 4700 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$87,116.00	\$87,116.00	\$87,116.00	\$87,116.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. 300 HP 6 cylinder diesel engine, manufacturer's 11L minimum

2. **TRANSMISSION:**

- a. Allison 4500 RDS automatic transmission

3. **ENGINE EQUIPMENT:**

- a. Alternator – 12 volt 100A
- b. Premium engine hoses
- c. Injection pump – electronic engine control
- d. Radiator – aluminum core, or approved equivalent
- e. Air restriction monitor – intake mounted

4. **CAB:**

- a. Cab – welded steel galvanized or aluminum shell with rust preventative coating.
- b. Low cab, forward mounted, tilt type.
- c. Floor covering – black rubber mats
- d. Seating – driver air suspension mid back, passenger fixed mid back.
- e. Steering wheel – 18" two spoke
- f. Standard air conditioning and heating

5. **FRAME:**

- a. Frame – steel construction matched to GVW and mounted body of truck.
- b. Wheelbase – 209"
- c. Front bumper – painted steel
- d. Fuel tank – 70 gallon, minimum
- e. Air dryer – Bendix AD9 heated, or approved equivalent.

6. **SAFETY:**

- a. Horn – single air trumpet
- b. Mirrors – West Coast to include 7.5" convex mounted to lower mirror bracket.
- c. Brakes – "S" cam type 16.5" x 5" Q + front and 16.5" x 7" Q + rear with anti-lock without automatic traction control, or approved equivalent.

- d. Slack adjusters – Haldex automatic front and rear.
- e. Daytime running lights.
- f. Backup alarm

7. FRONT AXLE:

- a. Front axle – 20,000 lb.
- b. Front wheels – steel 10 hole hub piloted
- c. Front tires – 11R22.5 Goodyear G397LHS, steer or approved equivalent.
- d. Front hubs – iron, or approved equivalent.
- e. Oil type with synthetic lube

8. REAR AXLE:

- a. Rear axle – 40,000 lb.
- b. Rear wheels – steel 10 hole hub piloted
- c. Rear tires – 11R22.5 Goodyear G124 unisteel traction or approved equivalent.
- d. Hubs – iron, or approved equivalent.
- e. Power divider with warning light and buzzer (includes in cab control)

9. ELECTRICAL:

- a. Circuit protection – fuses except headlamp and wiper circuits which utilize circuit breakers.
- b. Hand throttle – electronic hand throttle operated through cruise control when in PTO mode only.
- c. Engine protection – engine shut down system monitoring high water temp, low oil pressure, high exhaust temp, high transmission temp.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

60,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE REFUSE TRUCK (ONLY) SPECIFICATION #15

2016 Autocar ACX64

The Autocar ACX64 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$144,500.00	\$143,500.00	\$153,989.00	\$141,500.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

60,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE REFUSE TRUCK (ONLY) SPECIFICATION #15

2016 Crane Carrier LET2

The Crane Carrier LET2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$181,692.00	\$181,692.00	\$181,692.00	\$181,692.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

60,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE REFUSE TRUCK (ONLY) SPECIFICATION #15

2016 Mack MR Series

The Mack MR Series purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	Northern	Central	Southern
BASE PRICE:	\$138,997.00	\$138,997.00	\$138,997.00	\$138,997.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

15 FT. FLEX WING ROTARY MOWER - PTO DRIVEN SPECIFICATION #16

2016 Hardee T-9515-PTW

The Hardee T-9515-PTW purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	-- No bid --	-- No bid --	-- No bid --

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

15 FT. FLEX WING ROTARY MOWER - PTO DRIVEN SPECIFICATION #16

2016 John Deere HX15

The John Deere HX15 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$15,900.00	\$15,900.00	\$15,150.00	\$15,150.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

15 FT. FLEX WING ROTARY MOWER - PTO DRIVEN SPECIFICATION #16

2016 Woods BW180XHD

The Woods BW180XHD purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$15,900.00	\$15,650.00	\$15,650.00	\$15,900.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. 25 horsepower gas engine
- b. 7 gallon fuel tank
- c. Positive feed oil system with spin on filter.
- d. Heavy duty air cleaner
- e. Electric start

2. **DRIVE TRAIN/AXLES:**

- a. Hydraulic gear pumps
- b. High torque wheel motors
- c. Spin on hydraulic filters

3. **DECK:**

- a. 60" heavy duty mower deck
- b. 3 blade spindles
- c. Belt driven
- d. Manual deck lift
- e. 1" to 5" cutting height
- f. Deck engagement electric clutch

4. **WHEELS:**

- a. Front wheels - 13x6-6 ribbed, minimum
- b. Rear wheels - 24x11.5-12 turf

5. **COMFORT & CONVENIENCE:**

- a. High back full suspension seat
- b. Adjustable steering/motion control levers
- c. Flip up hood
- d. Easy access operator controls

- e. ROPS bar

6. APPROXIMATE MACHINE DIMENSIONS:

- a. Length - 82"
- b. Height - 72" with ROPS
- c. Width - 63" without chute

7. CONDITIONS:

- a. In addition to equipment specified, mower will be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA emission standards and all motor vehicle standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.
- b. The successful bidder shall be responsible for delivering the unit properly serviced, clean and in first class operating condition. Pre-delivery service at a minimum shall include the following:
 - c. Complete lubrication
 - d. Check all fluid levels
 - e. Adjustment of engine to proper operating condition
 - f. Inflate tires to proper pressure
 - g. Proper operation of all accessories.

2016 Jacobsen 2760 EFI

The Jacobsen 2760 EFI purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$8,284.00	\$8,284.00	\$8,284.00	\$8,284.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. 99.9 HP Tier III Turbo Diesel
- b. Heavy duty radiator with high flow fan
- c. Canister style air cleaner with pre-cleaner
- d. Electric start with engine pre-heat
- e. Full engine gauge package
- f. 32 gallon fuel tank

2. **POWERTRAIN:**

- a. Hydrostatic, variable displacement piston transmission pumps in a closed loop system.
- b. High torque, hydraulic radial piston wheel motors with integrated parking brake.
- c. Joystick control for speed, and directional (forward/reverse) control.

3. **TRAVEL SPEED:**

- a. 12.5 MPH

4. **DECK:**

- a. 15.0' heavy duty, flex wing mower deck
- b. 1/4" steel plate deck thickness
- c. Rear discharge with front and rear deflector safety chains
- d. Hydraulic deck lift
- e. Skid plates with anti-scalp rollers
- f. Heavy duty, oil-filled gearboxes powered by axial piston motors
- g. Deck engagement relay controlled with safety switch

5. **BLADE CARRIER & BLADES:**

- a. Free swinging, updraft, 1/2" thick cutting blades
- b. Integrated 3/4" thick, blade carrier and stump jumper

6. **WHEELS:**

- a. 15-19.5 Lug tires

7. **COMFORT, CONVENIENCE & SAFETY:**

- a. Full suspension seat with lumbar support and integrated operator-presence safety switch.
- b. ROPS canopy
- c. Seat belt with safety switch

- d. Flashing safety lights as well as DOT reflector tape.
- e. Engine gauge package

8. CONDITIONS:

- a. In addition to equipment specified, mower will be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA emission standards and all motor vehicle standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.
- b. The successful bidder shall be responsible for delivering the unit properly serviced, clean and in first class operating condition. Pre-delivery service at a minimum shall include the following:
 - c. Complete lubrication
 - d. Check all fluid levels
 - e. Adjustment of engine to proper operating condition
 - f. Inflate tires to proper pressure
 - g. Proper operation of all accessories

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

15 FT. DECK, LARGE DIESEL RIDE-ON INDUSTRIAL WIDE AREA MOWER SPECIFICATION #18

2016 MowerMax 15.0' Wide Area Mower

The MowerMax 15.0' Wide Area Mower purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$122,500.00	\$122,500.00	\$122,500.00	\$122,500.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

SMALL AGRICULTURE TYPE TRACTOR (4 WHEEL DRIVE) SPECIFICATION #19

2016 Kubota L3901 DT

The Kubota L3901 DT purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$15,675.00	\$15,379.00	\$15,290.00	\$15,562.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2016 Massey Ferguson 1742

The Massey Ferguson 1742 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	-- No bid --	\$20,830.00	\$20,830.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. Liquid cooled diesel with minimum of 75 PTO hp @ 2200 rpm.

2. **TRANSMISSION:**

- a. Synchroshuttle type with a minimum of 8 forward and 3 reverse speeds.

3. **FUEL TANK:**

- a. Minimum 23 gallon capacity.

4. **BRAKES:**

- a. Oil cooled hydraulic.

5. **POWER TAKE OFF:**

- a. Speeds RPM - 540/1000

6. **HYDRAULIC SYSTEM:**

- a. Open center system with standard remotes.
- b. Standard output @ remote gpm - 10
- c. Main pump flow 17 gpm

7. **POINT HITCH:**

- a. Electronic or mechanical 3 point hitch control
- b. Category II
- c. Telescopic stabilizers
- d. SAE lift capacity @ 24" standard lbs. - 3,600
- e. Lower draft arm link ends - extendable

8. **TIRES:**

- a. Not less than 18.4R - 28 R1 radials
- b. Not less than 7.5L - 15 6 Ply F2

2016 Case IH Farmall 100C

The Case IH Farmall 100C purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$39,150.00	\$38,850.00	\$38,600.00	\$38,600.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

AGRICULTURE TYPE TRACTOR (2 WHEEL DRIVE) SPECIFICATION #20

2016 John Deere 5100M

The John Deere 5100M purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$38,500.00	\$38,500.00	\$41,900.00	\$41,900.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

AGRICULTURE TYPE TRACTOR (2 WHEEL DRIVE) SPECIFICATION #20

2016 Kubota M5-091

The Kubota M5-091 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$30,750.00	\$30,550.00	\$30,550.00	\$30,750.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

AGRICULTURE TYPE TRACTOR (2 WHEEL DRIVE) SPECIFICATION #20

2016 Massey Ferguson 4610-M

The Massey Ferguson 4610-M purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	-- No bid --	\$37,195.00	\$37,195.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

AGRICULTURE TYPE TRACTOR (2 WHEEL DRIVE) SPECIFICATION #20

2016 New Holland T4.100

The New Holland T4.100 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$40,791.00	\$40,091.00	\$39,661.00	\$39,261.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. Liquid cooled diesel with minimum of 95 PTO hp @ 2200 rpm.

2. **TRANSMISSION:**

- a. Synchroshuttle type with a minimum of 16 forward and 16 reverse speeds.

3. **FUEL TANK:**

- a. Minimum 38 gallon capacity.

4. **BRAKES:**

- a. Oil cooled hydraulic.

5. **POWER TAKE OFF:**

- a. Speeds RPM - 540/1000

6. **HYDRAULIC SYSTEM:**

- a. Closed center system with standard remotes.
- b. Maximum pressure psi - 2,900
- c. Standard output @ remote 17 gpm
- d. Total of 29 gpm combined flow

7. **POINT HITCH:**

- a. Category II
- b. Telescopic stabilizers
- c. SAE lift capacity @ 24" standard lbs. - 5,000
- d. Lower draft arm link ends - extendable

8. **TIRES:**

- a. Not less than 13.6R24 R1 rear radials

- b. Not less than 18.4R30 6 Ply F2

9. MOUNTED BOOM MOWER:

- a. Minimum 23' boom reach.
- b. Forward and reverse swing break away.
- c. Integral frame.
- d. Separate hydraulic circuit for mower head.
- e. 5' rotary cutter head.
- f. Disc or bar type blade holder.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

AGRICULTURE TYPE TRACTOR WITH BOOM MOWER (4 WHEEL DRIVE) SPECIFICATION #21

2016 John Deere 6120M with Samurai Boom Mower

The John Deere 6120M with Samurai Boom Mower purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$126,213.00	\$126,213.00	\$126,213.00	\$126,213.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

AGRICULTURE TYPE TRACTOR WITH BOOM MOWER (4 WHEEL DRIVE) SPECIFICATION #21

2016 Massey Ferguson 5613 with Diamond Boom Mower

The Massey Ferguson 5613 with Diamond Boom Mower purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	-- No bid --	\$129,218.00	\$129,218.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

INSTRUCTIONS: Listed above, you will find the model number of the vehicle that will be included in this year's contract.

1. **ENGINE:**

- a. 99.9 HP Tier III Turbo Diesel
- b. Heavy duty radiator with high flow fan with reversing, clean out valve
- c. Canister style air cleaner with pre-cleaner
- d. Electric start with engine pre-heat
- e. Full engine gauge package
- f. 32 gallon fuel tank

2. **POWER TRAIN:**

- a. Hydrostatic, variable displacement piston transmission pump in a closed loop system
- b. Two, heavy-duty, 4 wheel drive, steerable axles with parking and service brake
- c. 3 steering modes – 4 wheel round, front wheel and 4 wheel crab
- d. High torque, two-speed, hydraulic piston drive motor for front axle and drive shaft for rear axle
- e. Joystick for speed and directional (forward/reverse) control
- f. GVW (without attachments): Approximately 9000lbs

3. **TRAVEL SPEED:**

- a. Work Mode – Variable 0-5 MPH Travel Mode – Variable 0-20 MPH

4. **WHEELS:**

- a. Standard -15-19.5 Industrial tires Optional - 38x18.00-20 Lug tires

5. **COMFORT, CONVENIENCE & SAFETY:**

- a. Full air ride, suspension seat with lumbar support and integrated operator-presence safety switch
- b. Certified ROPS Canopy with AC, heat, AM/FM radio with Bluetooth
- c. Tilt steering column with horn
- d. Seat belt with safety switch
- e. Turn signals and brake lights
- f. Flashing safety lights as well as DOT reflector tape
- g. Engine gauge package

6. **ATTACHMENT OPTIONS:**

- a. Front lift arms with universal skid steer mounting plate for 10+ skid steer attachments: a.Broom/sweeper b.90in rotary mower c.88in flail mower d.Dozer blade e.Stump grinder f.Pallet forks g.Cold planer h.Big roll sod installer i.Landscape rake j.Rotary tiller
- b. Right side rotary mower
- c. Right side flail mower
- d. Right side boom/reach mower

7. CONDITIONS:

- a. In addition to equipment specified, mower will be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA emission standards and all motor vehicle standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.
- b. The successful bidder shall be responsible for delivering the unit properly serviced, clean and in first class operating condition. Pre-delivery service at a minimum shall include the following: a.Complete lubrication b.Check all fluid levels c.Adjustment of engine to proper operation condition d.Inflate tires to proper operating pressure e.Proper operation of all accessories

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

1. **ENGINE:**

- a. Minimum 87 HP Diesel engine
- b. Dry type, radial seal air cleaner and pre-cleaner unit
- c. Spin on type engine oil filter

2. **TRANSMISSION:**

- a. Four speed power shift or power shuttle transmission

3. **OPERATOR ENVIRONMENT:**

- a. OSHA approved ROPS canopy shall be integral
- b. Two front and two rear work and driving lights
- c. Stop and turn signals with flashing hazard lamps
- d. Instrument panel with a complete set of gauges or an electronic monitoring device
- e. Standard horn and audible back-up alarm

4. **BRAKES:**

- a. Brakes shall be oil immersed, hydraulically actuated, multiple disc on final drive input shaft
- b. Brakes shall be completely enclosed and sealed, fully self-adjusting

5. **LOADER (SINGLE TILT CYLINDER):**

- a. Loader shall be equipped with a return to dig mechanism
- b. Loader shall have positive down pressure sufficient to lift the tractor front end off level ground
- c. Loader bucket SAE heaped capacity of minimum 1.3 yards with replaceable bolt on edge

6. **BACKHOE:**

- a. Fixed length dipper stick digging depth approximately 14'
- b. Reach from swing center, approximately 18'
- c. Dump height, approximately 11'3"
- d. Digging force approximately 8,000 lbs.
- e. Bucket dig force, approximately 11,990 lbs.
- f. 24" general purpose bucket with replaceable teeth

4X4 LOADER BACKHOE WITH CANOPY (STANDARD STICK) SPECIFICATION #23

2016 Caterpillar 416

The Caterpillar 416 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$65,829.00	\$65,829.00	\$65,829.00	\$66,315.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

SKID STEER LOADER - 1850 LB OPERATING CAPACITY WHEELED ONLY SPECIFICATION #24

2016 Bobcat S570

The Bobcat S570 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	Northern	Central	Southern
BASE PRICE:	\$28,289.00	\$28,289.00	\$28,289.00	\$28,289.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

SKID STEER LOADER - 1850 LB OPERATING CAPACITY WHEELED ONLY SPECIFICATION #24

2016 New Holland L220

The New Holland L220 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$32,547.00	\$32,047.00	\$31,747.00	\$31,347.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

SKID STEER LOADER - 2800 LBS OPERATING CAPACITY WHEELED ONLY SPECIFICATION #25

2016 Caterpillar 272D

The Caterpillar 272D purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$45,668.00	\$45,668.00	\$45,668.00	\$45,044.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.
