Volusia County, FL

I, Dena Joseph, Code Enforcement Officer, have been designated by Johnnie M. Green, Assistant Building Official for Case 20-1954, to determine the condition of this structure.

This property has been deemed an unsafe structure by the Assistant Building Official Johnnie M. Green.
The relief sought is demolition of the unsafe structure.

An inspection of the premises on December 17, 2020 indicates that certain violation(s) of the City of Port Orange Code exists.

A re-inspection was done on April 7, 2021 resulting in non-compliance.

This correspondence will serve as official notification that the below stated violation(s) must be corrected by **demolishing the mobile home in its entirety**. A permit must be obtained through the City of Port Orange Building Department. The property will need to be filled, graded and seeded with grass seed or sodded within five days of the date of completion of the demolition and comply with the established vegetation standards of the city, by **May 16, 2021**.

Briefly stated, the following conditions exist which cause the structure to be unsafe and the property in violation of the following:

1. **Chapter 1 (Scope and Administration), Section 108 (Unsafe Structures and Equipment), 108.1 (General), 108.1.1 (Unsafe Structures), 108.1.3 (Structure Unfit for Human Occupancy), 108.1.5 (Dangerous Structure or Premises), (1), (2), (3), (4), (5), (6), (7), (8), (10), (11), 108.6 (Abatement Methods), Section 109 (Emergency Measures), 109.1 (Imminent Danger)** of the 2018 International Property Maintenance Code as adopted per Chapter 14, Article II of the City of Port Orange Code of Ordinances (see attached ordinances).
 - The initial inspection found a mobile home that has been exposed to the elements for numerous years and is now considered an unsafe, inhabitable, and dangerous structure. To correct the violation, the mobile home must be demolished in its entirety. A permit will need to be obtained through the City of Port Orange Building Department. The property will need to be filled, graded and seeded with grass seed or sodded within five days of the date of completion of the demolition and comply with the established vegetation standards of the city.
2. **Chapter 42 (Nuisances), Article V (Unsafe Conditions), Division 3 (Abatement of Unsafe Structures), 42-108 (Unsafe Conditions-Nuisance), (a) 1, 2, 3, 4, 5, 6 & (b)** of the City of Port Orange Code of Ordinances (see attached ordinances).
 - The initial inspection found a mobile home that has been exposed to various weather conditions over many years due to the structure's roof caving in and windows being open. The structure is so dilapidated, decayed, unsafe, insanitary, or so utterly fails to provide the amenities essential to decent living that it is unfit for human habitation or is likely to cause sickness or disease so as to injure the health, safety, or general welfare. To correct the violation, the home must be demolished. A permit must be obtained through the City of Port Orange Building Department. The property will need to be filled, graded and seeded with grass seed or sodded within five days of the date of completion of the demolition and comply with the established vegetation standards of the city.
