I, Dena Joseph, have been designated by Johnnie M. Green, Deputy Building Official for Case 20-0992, to determine the condition of this structure.

This property has been deemed an unsafe structure by Deputy Building Official Johnnie M. Green.
The relief sought is demolition of the unsafe structure.

An inspection of the premises on **June 18, 2020**, indicates that certain violation(s) of the City of Port Orange Code exists.

This correspondence will serve as official notification that the below stated violation(s) must be corrected by doing the following: **June 17, 2021 by having the dilapidated structures (including the home and the out building) demolished in their entirety by June 17, 2021. The structures are so dilapidated, decayed, unsafe, unsanitary, or so utterly fail to provide the amenities essential to decent living that they are unfit for human habitation or are likely to cause sickness or disease so as to injure the health, safety, or general welfare. To correct the violation, the home and shed must be demolished. A permit must be obtained through the City of Port Orange Building Department. The property will need to be filled, graded and seeded with grass seed or sodded within five days of the date of completion of the demolition and comply with the established vegetation standards of the city.

- Initial inspection on June 18, 2020 found holes in the roof structures on the home and shed. A re-inspection on May 4, 2021 found that the roof on the home has collapsed and the roof on the shed is compromised as well. To correct the violation, the home and shed must be demolished in its entirety. A permit will need to be obtained through the City of Port Orange Building Department. The property will need to be filled, graded and seeded with grass seed or sodded within five days of the date of completion of the demolition and comply with the established vegetation standards of the city.

An inspection of the premises on May 19, 2021, indicates that certain violation(s) of the City of Port Orange Code exists.

Property owner was notified of the violations noted below and given 15 days to correct. A re-inspection was done on August 20, 2021, resulting in non-compliance.

This correspondence will serve as official notification that the below stated violation(s) must be corrected by doing the following: by installing the driveway per the requirements listed below and per the discussion that code enforcement has had with the residents and by removing any trash and debris on site and properly storing all outside items in an enclosed building by ~~September 12, 2021~~. *September 20th, 2021*
DMP

Briefly stated, the property is in violation of the following:

1. **Chapter 12 (Roads and Vehicular Use Areas), Section 3 (Access Control), (g) Single Family and Duplex Drives), (1) Dimensions, (2) Maximum Coverage and (4) Front Yard Coverage of the City of Port Orange Land Development Code:**
 1. A standard (non-circular) residential driveway is permitted to be a maximum of 24' wide. Driveways in excess of the maximum width may be approved by the administrative official when such driveway width is proportional to the size of the residence, the number of garage parking spaces, and the size of the lot.
 2. Driveway and parking coverage within the front yard area shall not exceed 40 percent. Both pervious and impervious surfaces shall be considered in calculating whether the foregoing standard has been exceeded.
 4. Driveway and parking coverage within the front yard shall be limited to the area of the front yard that is directly in front of the garage or in the side yard. Further extension of or expansion to the existing driveway and parking coverage shall not increase the driveway or parking coverage toward the center of the front yard, unless such extension or expansion is for the purpose of constructing a circular drive.
2. **Chapter 13 (Landscaping and Buffers), (5.5) Landscaping for single- and two-family residences (e) Repair of disturbed yard areas), (4) Substitute finish ground covers, (a) Side and rear yard areas, and (b) Front yard areas of the City of Port Orange Land Development Code:** All yard areas disturbed or damaged during any type of construction work shall be restored by being graded and planted with sod, except as follows:

(4) Substitute finish ground covers. Decorative gravel, crushed stone, mulch and plantings used as substitute ground cover shall be of a kind which is commonly used for landscape purposes, and shall not include construction type, crushed stone or gravel, sawdust or other such materials. Decorative gravel, crushed stone, mulch and/or plantings may be substituted for sod as follows:

(a) Side and rear yard areas. Permissible where such material is not subject to erosion or where deep shade conditions preclude the use of common turf grasses.

(b) Front yard areas. Permissible where deep shade conditions preclude the use of common turf grasses. Also permissible for use as part of a xeriscape landscape design, provided that no more than 25 percent of the front yard area is covered in exposed gravel, crushed stone or mulch.

- The initial inspection of this property found a property without a designated driveway. Residents have not installed the designated driveway per the requirements as listed above.

3. **Chapter 42 (Nuisances), Article II (Garbage, junk and undergrowth), Section 42-26 (Cleanliness of property generally-duty of owner), (f) Garbage, waste, trash, etc. prohibited of the City of Port Orange Code of Ordinances:** The owner of every lot, piece and parcel of land located within the city shall keep each such lot, piece and parcel of land free and clear of garbage, waste, trash, debris and junk.

- The initial inspection of this property found trash and debris on site. To correct the violation, all trash and debris must be removed from the property.

4. **Chapter 42 (Nuisances), Article II (Garbage, junk and undergrowth), Section 42-32 (Storage of vehicles, furniture, etc.) of the City of Port Orange Code of Ordinances:** No owner of property within the city shall permit the storage of vehicles or parts of vehicles, furniture, appliances or other personal property upon the premises, except in an enclosed building.

- The initial inspection of this property found numerous items being stored on the outside of the home (i.e. tools, buckets, toys, concrete blocks, engine hoist, metal against fence, truck tool box, etc.). To correct the violation, all outside stored items must be placed in an enclosed building.

5. **Chapter 3 (General Requirements), Section 302 (Exterior Property Areas), 302.2 (Grading and drainage) of the 2021 International Property Maintenance Code as adopted per Chapter 14, Article II of the City of Port Orange Code of Ordinances:** Premises shall be graded and maintained to prevent the erosion of soil and to prevent the accumulation of stagnant water thereon, or within any structure located thereon.

- The initial inspection of this property found soil in the front yard area running over the sidewalk in the front of the property. To correct the violation, some type of barrier must be placed in the area to prevent soil this from occurring or the property must be graded to a point where this does not occur. You may need to apply for a Change of Grade permit if soil is added or the property is regraded.

Failure to comply after this date may result in the commencement of appropriate code enforcement action and/or possible fine of up to \$1,000.00 per day for a first violation, \$5,000.00 per day per violation for a repeat violation, and up to \$15,000.00 per violation if the special magistrate finds the violation to be irreparable or irreversible in nature.

An inspection of the premises on June 30, 2021, indicates that certain violation(s) of the City of Port Orange Code exist. This correspondence will serve as official notification that the below stated violation(s) must be corrected immediately.

Briefly stated, the property is in violation of the following:

Chapter 42, (Nuisances), Article II (Garbage, junk, and undergrowth), Section 42-26 (Cleanliness of property generally-duty of owner), (d) (Maintenance of improved residential lots) of the City of Port Orange Code of Ordinances: The owner of an improved lot in a residential zone shall keep such lot free and clear of all fallen trees and limbs. All weeds, grass and undergrowth shall be cut to a height not exceeding ten inches. However, nothing in this subsection shall be construed to require natural areas located within larger improved lots to be cut to a height less than ten inches within such natural areas. **(h) Abutting property owner maintenance of parkages:** It shall be the duty of every owner of real property within the city to at all times cause to be cut and mowed the grass and weeds, and to cause to be cut and trimmed the flowers, vines, shrubbery, and trees not exceeding six feet in height, in a manner that protects and promotes the public health, safety and welfare and presents an aesthetically pleasing appearance in those areas of the parkage most nearly abutting their properties. Parkages abutting improved residential or commercial lots shall be maintained as provided in **subsection (d)** of this section for improved residential lots. Parkages abutting unimproved residential lots shall be maintained as provided in **subsection (e)** of this section for the maintained portion of unimproved residential lots. "Parkage" is that space between the private property lot or survey line of the property owner and the paved or graded portion of the public street adjacent thereto and includes that area between a sidewalk and street. Every property owner shall also have the duty of removing any refuse or other debris existing within the adjacent parkage, but the placement of refuse for collection in a manner and in containers specified by other provisions of this Code is not prohibited.

- The initial inspection of this property found high weeds, grass, and undergrowth. To correct the violation, the entire property needs to be mowed, weed-eated, all undergrowth removed, and all debris blown back onto the property.

You have previously (within the past five years) been found by the Special Magistrate to have violated the above referenced code section(s) on September 11, 2019 under Case No. 19-0750.

A fine up to \$5,000 per day per violation for a repeat violation may be assessed by the Special Magistrate beginning from the date of this Notice.

Once you have caused the violation(s) to be corrected, you must request a re-inspection by the Code Enforcement Officer (Code Compliance Inspector) to determine whether the property is in compliance.

This case shall be presented to the Special Magistrate even if the violation(s) has been corrected prior to the scheduled hearing date below.
