An inspection of the premises on July 6, 2022, indicates that certain violation(s) of the City of Port Orange Code exist. This correspondence will serve as official notification that the below stated violation(s) must be corrected immediately.

Briefly stated, the property is in violation of the following:

- **Chapter 42 (Nuisances), Article II (Garbage, junk, and undergrowth), Section 42-26 (Cleanliness of property generally-duty of owner), (d) (Maintenance of improved residential lots) of the City of Port Orange Code of Ordinances:** The owner of an improved lot in a residential zone shall keep such lot free and clear of all fallen trees and limbs. All weeds, grass and undergrowth shall be cut to a height not exceeding ten inches. However, nothing in this subsection shall be construed to require natural areas located within larger improved lots to be cut to a height less than ten inches within such natural areas. **(h) Abutting property owner maintenance of parkages:** It shall be the duty of every owner of real property within the city to at all times cause to be cut and mowed the grass and weeds, and to cause to be cut and trimmed the flowers, vines, shrubbery, and trees not exceeding six feet in height, in a manner that protects and promotes the public health, safety and welfare and presents an aesthetically pleasing appearance in those areas of the parkage most nearly abutting their properties. Parkages abutting improved residential or commercial lots shall be maintained as provided in subsection (d) of this section for improved residential lots. Parkages abutting unimproved residential lots shall be maintained as provided in subsection (e) of this section for the maintained portion of unimproved residential lots. "Parkage" is that space between the private property lot or survey line of the property owner and the paved or graded portion of the public street adjacent thereto and includes that area between a sidewalk and street. Every property owner shall also have the duty of removing any refuse or other debris existing within the adjacent parkage, but the placement of refuse for collection in a manner and in containers specified by other provisions of this Code is not prohibited.
- The initial inspection of this property found high weeds and grass. To correct the violation, the entire property needs to be mowed, weed-eated, and all debris blown back onto the property.

You have previously (within the past five years) been found by the Special Magistrate to have violated the above referenced code section(s) on November 10, 2021 under Case No. 21-1651.

A fine up to \$5,000 per day per violation for a repeat violation may be assessed by the Special Magistrate beginning from the date of this Notice.

Once you have caused the violation(s) to be corrected, you must request a re-inspection by the Code Enforcement Officer (Code Compliance Inspector) to determine whether the property is in compliance.

This case shall be presented to the Special Magistrate even if the violation(s) has been corrected prior to the scheduled hearing date below.

111.1.1 Unsafe structures. An unsafe *structure* is one that is found to be dangerous to the life, health, property or safety of the public or the *occupants* of the *structure* by not providing minimum safeguards to protect or warn *occupants* in the event of fire, or because such *structure* contains unsafe equipment or is so damaged, decayed, dilapidated, structurally unsafe or of such faulty construction or unstable foundation, that partial or complete collapse is possible.

111.1.2 Unsafe equipment. Unsafe equipment includes any boiler, heating equipment, elevator, moving stairway, electrical wiring or device, flammable liquid containers or other equipment on the *premises* or within the *structure* that is in such disrepair or condition that such equipment is a hazard to life, health, property or safety of the public or *occupants* of the *premises* or *structure*.

111.1.3 Structure unfit for human occupancy. A *structure* is unfit for human *occupancy* whenever the *code official* finds that such *structure* is unsafe, unlawful or because of the degree to which the *structure* is in disrepair or lacks maintenance, is insanitary, vermin or rat infested, contains filth and contamination, or lacks *ventilation*, illumination, sanitary or heating facilities or other essential equipment required by this code, or because the location of the *structure* constitutes a hazard to the *occupants* of the *structure* or to the public.

The building or *structure* is *neglected*, damaged, dilapidated, unsecured or abandoned so as to become an attractive nuisance to children who might play in the building or *structure* to their danger, becomes a harbor for vagrants, criminals or immoral persons, or enables persons to resort to the building or *structure* for committing a nuisance or an unlawful act.
 8. Any building or *structure* has been constructed, exists or is maintained in violation of any specific requirement or prohibition applicable to such building or *structure* provided by the *approved* building or fire code of the jurisdiction, or of any law or ordinance to such an extent as to present either a substantial risk of fire, building collapse or any other threat to life and safety.
 9. A building or *structure*, used or intended to be used for dwelling purposes, because of inadequate maintenance, dilapidation, decay, damage, faulty construction or arrangement, inadequate light, *ventilation*, mechanical or plumbing system, or otherwise, is determined by the *code official* to be unsanitary, unfit for human habitation or in such a condition that is likely to cause sickness or disease.
 10. Any building or *structure*, because of a lack of sufficient or proper fire-resistance-rated construction, fire protection systems, electrical system, fuel connections, mechanical system, plumbing

system or other cause, is determined by the *code official* to be a threat to life or health.

11. Any portion of a building remains on a site after the demolition or destruction of the building or *structure* or whenever any building or *structure* is abandoned so as to constitute such building or portion thereof as an attractive nuisance or hazard to the public.

111.2 Closing of vacant structures. If the *structure* is vacant and unfit for human habitation and *occupancy*, and is not in danger of structural collapse, the *code official* is authorized to post a placard of condemnation on the *premises* and order the *structure* closed up so as not to be an attractive nuisance. Upon failure of the *owner* or *owner's* authorized agent to close up the *premises* within the time specified in the order, the *code official* shall cause the *premises* to be closed and secured through any available public agency or by contract or arrangement by private persons and the cost thereof shall be charged against the real estate upon which the *structure* is located and shall be a lien upon such real estate and shall be collected by any other legal resource.
