A means of ingress/egress needs to be created and maintained. Extension cords are not a permitted source for wiring and must be removed, including the one to the RV. The electric is overloaded and creates a fire hazard and needs to be removed. Fire Extinguisher, emergency lighting, exit signs, and smoke detectors are required.**

Failure to comply after this date may result in the commencement of appropriate code enforcement action and/or possible fine of up to $1,000.00 per day per violation for a first violation, $5,000.00 per day per violation for a repeat violation, and up

to $15,000.00 per day per violation if the code enforcement board or special magistrate finds the violation to present an imminent threat to the public, health, safety or welfare and/or be irreparable or irreversible in nature.

Failure to comply after this date may also result in an order vacating the property and requiring the property owner to, or permitting the city to, secure, repair and/or demolish the structure(s) on the property with any and all costs therefor being assessed against the property and constituting a lien thereon.

If the property owner fails to act, the City may seek the right but not the obligation to act to remedy any of the violations below, including, but not limited to, securing, repairing and/or demolishing the structure(s) on the property, with any and all costs therefore being assessed against the property and constituting a lien thereon. This is in addition to the fines above.

If the violation is corrected and then recurs, or if the violation is not corrected by the above specified time for correction given by the undersigned Code Enforcement Officer (Code Compliance Inspector), the case shall be presented to the **Special Magistrate** on the date set forth below, even if the violation has been corrected prior to this scheduled hearing.
